List of Annexes:

Annex A:	Project Proposals Approved by Council
Annex B:	Medium-sized Projects Approved by CEO under Expedited Procedures

1. This half-yearly report summarizes the progress made in programming of GEF-4 resources as of December 31, 2007 and compares cumulative GEF-4 approvals to programming targets for GEF-4. In addition, it details project approvals and endorsements as well as project cancellations during the six-month period from July 1 to December 31, 2007.¹

Cumulative GEF-4 Approvals versus Programming Targets as of December 31, 2007

2. Between the start of GEF-4 and December 31, 2007, GEF grants and associated Agency fees amounted to \$869.06 million representing over a fourth of the total resources expected to be available in GEF-4. The distribution of the approved amounts by focal areas/corporate programs compared to the corresponding programming targets are shown in Table 1.² The amounts approved for multi-focal projects have been split and added to the contributing focal areas. Similarly, the amounts approved for the Small Grants Program (SGP) have been split. SGP core funds are reported under corporate programs and contributions made by countries from their Resource Allocation Framework (RAF) allocations for biodiversity or climate change focal areas and reported under the contributing focal area.

Table 1: Cumulative GEF-4 Approvals and Programming Targets By Focal Area and Corporate Program (US\$ million) (up to Dec. 31, 2007)³

¹ GEF-4 became effective on February 8, 2007.

² The programming targets are based on the agreements reached during GEF-4 replenishment. They have not been adjusted for changes in the total resources availability resulting from project cancellations, fluctuations in investment income and foreign exchange rates.

³ This table was produced by the GEFSEC management information system on March 14, 2008.

3. The programming rates across the different focal area/themes have been uneven, as can be seen from the last column of Table 1. About three quarters of the resources for corporate programs, which include the SGP, and more than half the resources for the land degradation focal area, have been programmed. Conversely, programming in the biodiversity and climate change focal areas has lagged, largely due to the transition to the RAF.

Approval of Grants and Agency Fees for the Period from July 1 to December 31, 2007

4. During the six-month period ending December 31, 2007, the GEF approved a total of \$286.259 million for financing projects, consisting of \$257.002 million in project grants, \$2.831 million for project preparation grants, and \$26.426 million in associated fees to Agencies for project cycle management services. A detailed list of approvals are contained in Annexes A, B, C, and D as follows:

- (a) The GEF Council approved \$242.995 million in grants for Full-sized Projects and \$25.394 million in associated Agency fees for a total of \$268.389 million (see Annex A);
- (b) The CEO, under delegated authority, approved \$13.735 million in grants for Medium-sized Projects and \$1.105 million in associated Agency fees, for a total of \$14.840 million (see Annex B)⁴;
- (c) The CEO, under delegated authority, approved \$0.272 million for Enabling Activities and \$.027 million in associated Agency fees, for a total of \$0.299 million (see Annex C); and
- (d) The CEO, under delegated authority, approved \$2.831 million for project preparation grants (see Annex D)⁵.

Project Cancellations for the Period from July 1 to December 31, 2007

5. Between July 1, 2007 and December 31, 2007, the GEF has cancelled one PDF-B with approved GEF grants of \$0.350 million, as detailed in Annex E. The undisbursed resources from these projects totalling \$0.2785 million have been returned to the GEF Trust Fund to support additional programming.

⁴ This total amount includes \$2.875 million for three subsidiary projects, allocated from funds previously approved for the parent project, the *Central Asia Countries Initiative for Land Management (CACILM) Multi-country Partnership Framework Support Project*. The parent project was CEO endorsed on 10/17/2006.

⁵ This total amount includes \$0.135 million for a subsidiary project, allocated from funds previously approved for the parent project, the *Central Asia Countries Initiative for Land Management (CACILM) Multi-country Partnership Framework Support Project*. The parent project was CEO endorsed on 10/17/2006.

CEO Endorsement of Projects for the Period from July 1 to December 31, 2007

6. During the six-month period ending December 31, 2007, the CEO endorsed a total of 44 projects accounting for \$421.243 million in grants and \$32.746 million in associated Agency fees, as detailed in Annex F.

1547	6	Guatemala	IADB	Exploitation of the Geothermal Resources of Guatemala for Electricity Generation Projects		10/11/2007	0.35	0.2785	The use of PDF-B funds for this project started-up some years after it was approved. Afterwards, Guatemala was informed that the country was going to be within the Group regarding its RAF Allocation for CC. During 2006 - 2007, the IDB asked the Guatemalan Government whether or not the country was willing to endorse a proposal that eventually would result from the use of the PDF-B funds, and Government of Guatemala responded that they already had other priorities. Therefore, the use of PDF-B funds stopped and the IDB Country Office in Guatemala did the correspondent paper work for cancelling the project. The financial reconciliation on this project was done with the Trustee in October 2007.
