1	2978	2	Congo	World Bank	Agricultural Development and Rural Road Rehabilitation Project	Aug-2006	Mar-2008	3.500	This GEF grant was supposed to be blended with the IDA-financed Agricultural Development and Rural Rehabilitation Project (ADRRP). The latter had a US\$4 million component on fisheries management that was eventually dropped. World Bank management reviewed the proposed project design, and recommended that the fisheries component be removed in order to reduce the complexity of the design. It was determined that the development issues related to the fisheries sub-sector were too numerous and too complex to be addressed in one component of an agricultural development project that already includes a strong component on infrastructure. Since the fisheries component provided the technical rationale, and the baseline funding, for the GEF financing, its removal implied that the GEF project would no longer be viable. The Government was informed of these changes.
2	2923	2	Indonesia	World Bank	Fisheries Revitalization Project (FRP)	Aug-2006	Feb-2008	8.000	The project has been dropped at the Government's request as per email for with no disbursement on the grant. Unutilized fee to be returned: \$432,000
