

# Least Developed Countries Fund (LDCF) and Special Climate Change Fund (SCCF)

February 22, 2010

*LDCF and SCCF Contacts at the Global Environment Facility:*

Dr. Bonizella Biagini -- phone: +1 (202) 458 7506; email: [bbiagini@thegef.org](mailto:bbiagini@thegef.org)

Dr. Bob Dixon -- phone: +1 (202) 458 7506; email: [rdixon1@thegef.org](mailto:rdixon1@thegef.org)

**The Least Developed Countries Fund (LDCF)** was established under the United Nations Framework Convention on Climate Change (UNFCCC) at its seventh session in Marrakech in 2002<sup>1</sup>, and it is managed by the Global Environment Facility (GEF). The Fund addresses the special needs of the Least Developed Countries (LDCs), which are especially vulnerable to the adverse impacts of climate change. This includes preparing and implementing National Adaptation Programmes of Action (NAPAs), which aim is to identify “*urgent and immediate needs*” of each LDC according to specific guidelines provided by the Least Developed Countries Expert Group (LEG).<sup>2</sup>

The GEF has, as of February 2010, mobilized voluntary contributions of \$200 million for the LDCF, including pledges.

**The Special Climate Change Fund (SCCF)** was established under the UN Framework Convention on Climate Change (UNFCCC)<sup>3</sup> in 2001 to finance activities, programs and measures relating to climate change that are complementary to those funded by the resources allocated to the climate change focal area of the GEF and by bilateral and multilateral funding.

The SCCF has four different windows:

- Adaptation
- Transfer of technologies
- Energy, transport, industry, agriculture, forestry, and waste management
- Activities to assist developing countries whose economies are highly dependent on income generated from the production, processing, and export or on consumption of fossil fuels and associated energy-intensive products in diversifying their economies

The Parties to the Climate Convention identified adaptation to climate change as the top priority of the SCCF. The SCCF serves as a catalyst to leverage additional resources from bilateral and other multilateral sources.

The GEF has, as of February 2010, mobilized voluntary contributions of \$105 million for the adaptation program under the SCCF.

**Governance of the Funds:** For purposes of the LDCF and the SCCF, the GEF would function under the guidance of the Conference of the Parties to the United Nations Framework Convention on Climate Change (COP)<sup>4</sup>.

With respect to decision making for the LDCF and SCCF, the Council will meet as the Council for the LDCF and the SCCF (hereafter referred to as the LDCF/SCCF Council). Any Council Member is eligible to take part in the LDCF/SCCF Council. Any Council Member may choose to participate in the LDCF/SCCF Council or to attend as an observer.

---

<sup>1</sup> Decision 7/CP.7, Funding under the Convention.

<sup>2</sup> Decision 28/CP.7, Annotated guidelines for the preparation of NAPAs.

<sup>3</sup> Decision 7/CP.7, Funding under the Convention.

<sup>4</sup> GEF/C.19/6, *Arrangements for the Establishment of the New Climate Change Funds*.

The policies and procedures and the governance structure of the GEF apply to the climate change funds, unless the LDCF/SCCF Council decides it is necessary to modify such policies and procedures to be responsive to the guidance of the COP<sup>5</sup>.

All GEF documents regarding the governance of the LDCF and SCCF are publicly available on the GEF website ([www.thegef.org](http://www.thegef.org)).

As stated above, **the LDCF and SCCF follow the GEF's policies and rules in all aspects of their operations** (such as fiduciary standards, streamlined project cycle, result-based frameworks, and monitoring and evaluation practices, among others) except for when the LDCF/SCCF Council decides otherwise in response to COP guidance, as appropriate.

The LDCF and SCCF are seminal in climate change adaptation finance and were built on prominent assessments such as the U.S. adaptation country studies.

The Global Environment Facility makes publicly available on its website the documents that address the following information:

1. **The criteria used to determine which programs and activities receive funds, and the manner in which such programs and activities meet such criteria.** These are elaborated for the LDCF in the "[Programming Paper for Funding the Implementation of NAPAs under the LDC Trust Fund](#)" (GEF/C.28/18). For the SCCF, this is elaborated in the "[Programming to Implement the Guidance for the Special Climate Change Fund Adopted by the Conference of the Parties to the United Nations Framework Convention on Climate Change and its Ninth Session](#)" (GEF/C.24/12).

These papers were drafted in response to COP guidance (including the United States) from COP7 (Decision7/CP.7), and were approved by the GEF Council (including the United States), as per documents publicly available on the GEF website.<sup>6</sup>

2. **The extent of local involvement in such programs and activities.** The LDCF and SCCF follow the [GEF public involvement policy](#) approved by the GEF Council in 1996 and consistent with the provision of the [Instrument for the Establishment of the Restructured GEF](#), which sets for explicitly the need for public involvement, the basic provisions of which state that all GEF-financed projects will "provide for full disclosure of non-confidential information, and consultation with, and participation as appropriate of, major groups and local communities throughout the project cycle." (p. 12, *Basic Provisions*, para. 5)

In addition, the Programming Paper for Funding the Implementation of NAPAs under the LDC Trust Fund further explicitly requires **stakeholder consultation** in the formulation of NAPAs and subsequent project implementation, which is supportive of

---

<sup>5</sup> GEF/C.29/5, *Governance of the Climate Change Funds*

<sup>6</sup> Additional guidance on SCCF can be found [here](#)

high local involvement and the SCCF trust fund explicitly require that projects demonstrate **local benefits**<sup>7</sup>.

**3. The amount of funds provided:** The following are publicly available from the [LDCF/SCCF meeting documents page](#) on the GEF website:

- Status reports (prepared by the Trustee), which report on the current status of funds, are presented to the LDCF/SCCF council twice a year.
- Progress reports (prepared by the GEF Secretariat), which report on the current status of activities and approved operations under the LDCF and the SCCF, are prepared and presented to the LDCF/SCCF council twice a year.
- COP reports, prepared with input from implementing agencies and presented at the COP yearly.
- Evaluations, or any related documents that may be available.

**4. Results achieved:** The LDCF and SCCF are seminal in climate change adaptation finance. The LDCF, in particular, is the first and most comprehensive adaptation action-focused program currently in operation (as opposed to studies and assessment-focused) for least developed countries (LDCs). The information regarding the results achieved under the operations of these funds are made publicly available on the GEF website as LDCF/SCCF Council documents as described under the previous point. Although the project portfolio is quite new to measure results, the following are the implementation highlights:

➤ **Key results achieved under the LDCF as of February 2010**

- 43 of the funded NAPAs have been completed and published at the UNFCCC website.
- 17 projects have been CEO endorsed for Bangladesh, Benin, Bhutan, Burkina Faso, Cambodia, Cape Verde, Democratic Republic of Congo, Eritrea, Guinea, Maldives, Mali, Niger, Rwanda, Samoa, Sudan, Tuvalu, and Zambia and are now under implementation. At least 3 more projects are expected to move to the implementation phase before the end of 2010 in Lesotho, Sierra Leone, and Vanuatu.
- The LDCs, despite their small economies and limited institutional and technical capacities, are now among the most advanced in the world with respect to cutting edge actions to reduce vulnerability and increase adaptive capacity to the adverse impacts of climate change.

➤ **Key results achieved under the SCCF adaptation program as of February 2010:**

- 14 projects have been CEO endorsed and are now under implementation for national, regional and global projects covering 27 countries: Barbados, Bhutan,

---

<sup>7</sup> Additional document elaborating on local involvement may be found [here](#)

Bolivia, China, Cook Islands, Ecuador, Egypt, Ethiopia, Fiji, Guyana, Jordan, Kenya, Mexico, Micronesia, Mozambique, Nauru, Papua New Guinea, Peru, Philippines, Samoa, Solomon Islands, Tanzania, Tonga, Tuvalu, Uzbekistan, Vanuatu, and Zimbabwe.

**Additional specific information regarding funding provided and results achieved:**

➤ **under LDCF:**

- The GEF has, as of February 2010, mobilized voluntary contributions of \$190 million for the LDCF.
- 48 of 50 eligible LDCs have received a total of \$10.6 million in support to prepare their NAPAs<sup>8</sup>.
- 35 countries have officially submitted their first NAPA implementation projects under the LDCF.
- 36 NAPA implementation project proposals have been approved and had the necessary funding reserved. A round total of \$121 million has been approved (i.e. disbursed, committed, or allocated) for concrete action in 33 LDCs.

➤ **under SCCF:**

- The GEF has, as of February 2010, mobilized voluntary contributions of \$105 million for the adaptation program under the SCCF.
- 21 SCCF project proposals have been approved and had the necessary funding reserved since operationalization of the Fund. A round total of \$95 million has been approved (i.e. disbursed, committed, or allocated) for concrete action in non-annex I countries.

Additional information on the status and funding of LDCF and SCCF Trust Funds, including NAPA preparation, is summarized in **Tables 1 – 3**.

---

<sup>8</sup> NAPA preparation and a follow-up project were also funded for Cape Verde, which has since graduated from the LDC group. Two LDCs are yet to receive funding for NAPA preparation: Equatorial Guinea, and Somalia which has yet to agree to a project proposal to finance the preparation of their NAPA

Table 1. Status of preparation of NAPAs

**Table 2. LDCF: list of Council approved and CEO endorsed projects as of February 22, 2010**

Country/Region	Project Title	GEF Agency	Project Status	LDCF/GEF grant (including fees and PPG)	Co-financing (US\$M)	Total Amount (US\$M)
Benin	Integrated Adaptation Programme to Combat the Effects of Climate Change on Agricultural Production and Food	UNDP	CEO Endorsed	3.50	7.00	10.50

	Security in Benin					
<b>Congo DR</b>	Building the Capacity of the Agriculture Sector in DR Congo to Plan for and Respond to the Additional Threats Posed by Climate Change on Food Production	UNDP	CEO Endorsed	3.41	4.13	7.54
<b>Bangladesh</b>	Community based adaptation to climate change through coastal afforestation.	UNDP	CEO Endorsed - Under Implementation	3.74	7.15	10.89
<b>Bhutan</b>	Reduce climate change-induced risks and vulnerabilities from glacial lake outbursts in the Punakha-Wangdi and Chamkhar Valleys.	UNDP	CEO Endorsed - Under Implementation	3.99	4.29	8.27
<b>Burkina Faso</b>	Strengthening Adaptation Capacities and Reducing the Vulnerability to Climate Change in Burkina Faso	UNDP	CEO Endorsed - Under Implementation	3.30	20.14	23.44
<b>Cambodia</b>	Building Capacities to Integrate Water Resources Planning in Agricultural Development.	UNDP	CEO Endorsed - Under Implementation	2.15	2.34	4.49
<b>Cape Verde</b>	Building Adaptive Capacity and Resilience to Climate Change in the Water Sector in Cape Verde.	UNDP	CEO Endorsed - Under Implementation	3.41	63.99	67.40

<b>Eritrea</b>	Integrating climate change risks into community based livestock management in the northwestern lowlands of Eritrea.	UNDP	CEO Endorsed - Under Implementation	3.76	6.71	10.47
<b>Maldives</b>	Integration of Climate Change Risks into the Maldives Safer Island Development Programme	UNDP	CEO Endorsed - Under Implementation	5.00	4.91	9.91
<b>Niger</b>	Implementing NAPA priority interventions to build resilience and adaptive capacity of the agriculture sector to climate change in Niger	UNDP	CEO Endorsed - Under Implementation	3.96	11.06	15.02
<b>Samoa</b>	Integrated Climate Change Adaptation in Samoa (ICCAS)	UNDP	CEO Endorsed - Under Implementation	2.26	2.15	4.41
<b>Sudan</b>	Implementing NAPA Priority Interventions to Build Resilience in the Agriculture and Water Sectors to the Adverse Impacts of Climate Change	UNDP	CEO Endorsed - Under Implementation	3.74	3.56	3.74
<b>Tuvalu</b>	Increasing Resilience of Coastal Areas and Community Settlements to Climate Change	UNDP	CEO Endorsed - Under Implementation	3.37	3.14	6.51
<b>Zambia</b>	Adaptation to the effects of drought and climate change in Agro-ecological Zone 1 and 2 in Zambia	UNDP	CEO Endorsed - Under Implementation	3.91	7.10	11.01
<b>Guinea</b>	Increased Resilience and Adaptation to Adverse Impacts of Climate Change in Guinea's Vulnerable Coastal Zones	UNDP	CEO Endorsement under review	3.38	162.99	166.36

<b>Mali</b>	Enhancing adaptive capacity and resilience to climate change in the agriculture sector in Mali	UNDP	CEO Endorsement under review	2.68	8.58	11.26
<b>Rwanda</b>	Reducing Vulnerability to Climate Change by Establishing Early Warning and Disaster Preparedness Systems and Support for Integrated Watershed Management	UNDP/UNEP	CEO Endorsement under review	3.64	3.40	7.04
<b>Comoros</b>	Adapting water resource management in Comoros to increase capacity to cope with climate change	UNDP/UNEP	Council Approved	3.85	5.60	9.45
<b>Djibouti</b>	Reducing impacts and vulnerability of coastal productive systems in Djibouti	UNEP	Council Approved	2.28	1.95	4.23
<b>Guinea-Bissau</b>	Strengthening resilience and adaptive capacity to climate change in Guinea-Bissau's agrarian and water sectors	UNDP	Council Approved	4.54	12.84	17.38
<b>Haiti</b>	Strengthening adaptive capacities to address climate change threats on sustainable development strategies for coastal communities in Haiti	UNDP	Council Approved	3.96	7.10	11.06
<b>Kiribati</b>	Increasing resilience to climate variability and hazards	World Bank	Council Approved	3.30	3.30	6.60
<b>Lao PDR</b>	Improving the Resilience of the Agriculture Sector in Lao PDR to Climate	UNDP	Council Approved	5.00	4.55	9.55

	Change Impacts					
<b>Liberia</b>	Enhancing Resilience of vulnerable coastal areas to climate change risks in Liberia	UNDP	Council Approved	3.30	3.00	6.30
<b>Mali</b>	Integrating climate resilience into agricultural production for food security in rural areas of Mali	FAO	Council Approved	2.32	4.20	6.52
<b>Mauritania</b>	Support to the Adaptation of Vulnerable Agricultural Production Systems in Mauritania	IFAD	Council Approved	3.96	4.50	8.46
<b>São Tomé and Príncipe</b>	São Tome and Príncipe: Adaptation to Climate Change	World Bank	Council Approved	3.89	2.67	6.56
<b>Sierra Leone</b>	Integrating Adaptation to Climate Change into Agricultural Production and Food Security in Sierra Leone	IFAD	Council Approved	3.02	2.94	5.95
<b>Tanzania</b>	Developing Core Capacity to Address Adaptation to Climate Change in Tanzania in productive Coastal Zones	UNEP	Council Approved	3.41	7.65	11.06
<b>Vanuatu</b>	Increasing Resilience to Climate Change and Natural Hazards	World Bank	Council Approved	3.00	3.21	6.21
<b>Yemen</b>	Integrated Coastal Zone Management in the Gulf of Aden	World Bank	Council Approved	4.95	10.00	14.95

<b>Malawi</b>	Climate Adaptation for Rural Livelihoods and Agriculture (CARLA)	AfDB	Council Approved	3.60	24.51	28.11
<b>Cambodia</b>	Vulnerability Assessment and Adaptation Programme for Climate Change in the Coastal Zone of Cambodia considering livelihood improvement and ecosystems	UNEP	Council Approved**	1.90	2.99	4.89
<b>Gambia</b>	Strengthening of The Gambia's Climate Change Early Warning Systems	UNEP	Council Approved**	1.06	2.02	3.07
<b>Lesotho</b>	Improvement of Early Warning System to reduce impacts of climate change and Capacity Building to Integrate Climate Change into Development Plans	UNEP	Council Approved**	1.81	1.76	3.57
<b>Samoa</b>	Integration of Climate Change Risk and Resilience into Forestry Management (ICCRIFS)	UNDP	Council Approved	2.66	2.45	5.11
<b>Total</b>				<b>120.98</b>	<b>426.30</b>	<b>547.28</b>

<b>Burundi</b>	Enhancing Climate Risk Management and Adaptation in Burundi (ECRAMB)	AfDB/UNDP	PIF Submitted/under review	3.50	15.76	19.26
<b>Ethiopia</b>	Promoting Autonomous Adaptation at the community level in Ethiopia	UNDP	PIF Submitted/under review	5.31	22.65	27.96

<b>Haiti</b>	Strengthening climate resilience and reducing disaster risk in agriculture to improve food security in Haiti post earthquake	FAO	PIF Submitted/under review	3.00	5.00	8.00
--------------	--	-----	----------------------------	------	------	------

\*\* When there is \*\* after “Council Approved”, it means that the project in question is a medium-sized project (MSP) and therefore the PIF has actually only been approved by the CEO, as the MSPs don’t demand Council approval at PIF stage

**Table 3. SCCF (Adaptation) Council approved and CEO endorsed projects as of February 22, 2010**

Country/ Region	Project Title	IA/ EA	Project Status	Expected SCCF Grant (US\$m)	Co-financing (US\$m)	Total financing (US\$m)
<b>China</b>	Mainstreaming Adaptation to Climate Change Into Water Resources Management and Rural Development	World Bank	CEO Endorsed	5.8476	50	55.8476
<b>Egypt*</b>	Adaptation to Climate Change in the Nile Delta	UNDP	CEO Endorsed	4.51	12.90506	17.41506
<b>Ecuador</b>	Adaptation to Climate Change through Effective Water Governance	UNDP	CEO Endorsed	3.6515	6	9.6515
<b>Ethiopia</b>	Coping with Drought and Climate Change	UNDP	CEO Approved	1.08455	1.866667	2.951217
<b>Global</b>	Economic Analysis of Adaptation Options in support of decision making	UNEP	CEO Approved	1.1	2.475	3.575
<b>Global (Barbados, Fiji, Uzbekistan, Jordan, Bhutan, Kenya, China)</b>	Piloting Climate Change Adaptation to Protect Human Health	UNDP	CEO Endorsed	5.466654	16.588559	22.055213
<b>Guyana</b>	Conservancy Adaptation Project	World Bank	CEO Endorsed	4.142	16.2	20.342
<b>Kenya*</b>	Adaptation to Climate Change in Arid Lands (KACCAL)	World Bank/ UNDP	CEO Endorsed	7.459	40.92	48.379
<b>Mexico*</b>	Adaptation to Climate Change Impacts on the Coastal Wetlands in the Gulf of Mexico	World Bank	CEO Endorsed	5.28	19	24.28

	through Improved Water Resource Management					
<b>Mozambique</b>	Coping with Drought and Climate Change	UNDP	CEO Approved	1.0464	0.92984	1.97624
<b>Regional (Bolivia, Peru, Venezuela)</b>	Design and Implementation of Pilot Climate Change Adaptation Measures in the Andean Region	World Bank	CEO Endorsed	8.8072	21.75	30.5572
<b>Regional (Cook Islands, Micronesia, Fiji, Nauru, Papua New Guinea, Samoa, Solomon Islands, Tonga, Tuvalu, Vanuatu)</b>	Pacific Islands Adaptation to Climate Change Project (PACC)	UNDP	CEO Endorsed	14.8225	44.703799	59.526299
<b>Tanzania</b>	Mainstreaming Climate Change in Integrated Water Resources Management in Pangani River Basin	UNDP	CEO Approved	1.09	1.574875	2.664875
