

53rd GEF Council Meeting
November 28 – 30, 2017
Washington, D.C.

**GEF-CSO NETWORK REPORT TO GEF COUNCIL
(1 JULY 2016 – 30 JUNE 2017)**

SUMMARY

1. This report provides an update on the work of the GEF CSO Network in the period July 2016-June 2017.
2. The GEF CSO Network (formerly the GEF NGO Network) actively participated in a range of GEF related meetings including the GEF Council meetings and 12 Expanded Constituency Workshops.
3. The Network undertook significant follow-up activities in response to the IEO's review of the Network. The overall conclusions of the IEO's Evaluation Report of the Network are that the GEF CSO Network continues to be relevant and is delivering results to, and is a credible and legitimate member of the GEF Partnership which provides benefit to members and the Council on projects and policy.
4. The Network tried to work with the Ad-Hoc Council Working Group (WG) on Civil Society to advance the recommendations of the Evaluation Report. However, it was not possible to arrange and significant face to face meetings or teleconferences and there was limited participation of the Ad-hoc WG in the special discussion session the Network organized at the October 2016 Council CSO Consultation meeting on this matter.
5. The Network provided significant input to GEF policy making with statements on many agenda items at the GEF councils. In addition, the Network actively participated in several GEF working groups including WG on the Public Involvement Policy, Gender Action Plan and Knowledge Management.
6. Internally, the Network enhanced its governance structure and function and has implemented its new governance structure which includes having a Chair, Vice Chair and Management Team for the Network and a separate secretariat. The vision and targets for the GEF CSO network in the GEF 6 and GEF 7 periods are specified in its Strategic Plan. The Network has been active in promoting GEF and the engagement of civil society through its website and electronic newsletters in several languages. Membership of the network has steadily been growing and stood at 542 at September 2017.
7. Good progress has been made on some of the recommendations made in the report for 2015-2016 but more work is needed on others. A number of specific recommendations are made as follows:

Recommendation 1: ECW meetings should continue to include a specific agenda item related to engagement of civil society. Funding should continue to be provided through the ECW mechanism for back-to-back full day preparatory/follow-up CSO meetings to be organized at the time of each ECW meeting.

Recommendation 2: The GEF Secretariat should strengthen the Draft Stakeholder Engagement Policy based on the inputs of the Network members and the members of the Working group on the Policy. The preparation of the associated guidelines should be expedited. Resources should be put in place for the implementation of the policy.

Recommendation 3: GEF should continue work to fully put in place the mechanisms to support the implementation of the GEF Principles and Guidelines on the Engagement of Indigenous Peoples. In addition, adequate financial resources need to be allocated to fund the workplan of the IPAG and establish a dedicated financing mechanism for Indigenous peoples under GEF.

Recommendation 4: In line with the recommendation of the IEO to establish a sustaining financing mechanism for the GEF CSO Network – the Council should make a specific allocation of resources for the Voluntary Fund as well as establish other mechanisms to support the Network.

Recommendation 5: GEF Secretariat and GEF-CSO Network should continue to work together to enhance CSO engagement with the GEF at COPs of various Multilateral Environmental Agreements (MEAs) as well as support the implementation of the SDGs.

Recommendation 6: GEF IEO and GEF CSO Network to explore further options to enhance engagement of Civil Society in Monitoring and evaluation of GEF projects and programmes.

Recommendation 7: Efforts to enhance the engagement of CSOs and GEF OFP at the country level should be enhanced – through the organisation of annual meetings between OFPs and CSOs and enhanced engagement of CSOs in GEF project and programme design and implementation.

Recommendation 8: The GEF Agencies and GEF CSO Network should undertake discussions to identify options for enhanced CSO engagement in projects and programmes developed by agencies.

INTRODUCTION

1. This report is submitted to the GEF Council for information in line with the Council decision in November 2010. It describes the overall activities of the GEF-CSO Network, with specific sections dedicated to the work carried out by its Chair and Vice Chair, Regional Focal Points and Indigenous Peoples Focal Points and its Secretariat.
2. The GEF-CSO Network is an independent Network of civil society organizations (CSOs) established in 1995 to facilitate civil society inputs to GEF processes. The Network has been recognized by the GEF Council and GEF Secretariat as a key entity in the work of the GEF. The GEF-CSO Network comprises more than 500 member organizations with experience and expertise in GEFs areas of work from all regions around the world. It is governed by a global Coordination Committee composed of representatives of elected Regional Focal Point organizations (RFPs) from 16 geographic regions and three Indigenous Peoples Focal Points (IPFPs) from Asia, Africa and Latin America, overseen by a Chair, Vice Chair and Management Team of the Network and supported by a secretariat.
3. The following report provides the progress made in the period July 2016-June 2017 by the GEF-CSO Network.

Network Structure and Function

4. The basic Network structure was established in the late 1990s and consolidated through development and adoption of a series of guidelines and rules and procedures, the most recent of which was amended in October 2015 (click [here](#) to view the rules). The Regional Focal Points (RFPs) are elected for four year terms from among the members in 16 different geographical regions (see *Annex 1*). The regional focal points are responsible for stimulating interest in GEF among CSOs in their regions and facilitating engagement of CSOs in GEF programmes and activities. Indigenous Peoples Focal Points (IPFPs) are selected through consultation among members of key Indigenous Peoples networks in three regions – Asia, Africa and Latin America. They also serve four year terms. The RFPs/IPFPs undertake the coordination of activities in their respective regions. The current list of RFPs, IPFPs is in *Annex 2*. In response to the GEF5 and 6 reforms, the Network enhanced its presence at the country level through the designation of country contact points – especially in countries with significant numbers of members as well as high GEF fund allocation. The current list of Country Contact Points is in *Annex 3*. All these Network functions are undertaken primarily on a voluntary basis by the organizations and individuals involved.
5. Beginning June 2015, the Network adopted a new governance structure which includes having a Chair and a Vice Chair of the Network and a separate Secretariat. The Chair and Vice Chair are elected from among the members of the Coordination Committee (i.e. RFPs/IPFPs) and are assisted by the Chairs of the four Network sub-committees which together form the Network Management Team. See *Annex 4* for the current members of the Network Management Team.

6. The current Rules and Procedures of the Network set out the main procedures for Network functioning include membership, elections, representation, decision making and fund management. The Network has its own complaints procedure to address any concerns from member organizations. The Network adopted a new Strategic Plan on 2 June 2015 which lays out the vision and targets for the GEF CSO Network in the GEF 6 and GEF 7 periods (between 2015 - 2022) (click [here](#) to view the Strategic Plan).

7. The Coordination Committee meets twice a year immediately before the GEF Council-CSO Consultation Meeting prior to each Council. The committee oversees the work of the Network, approves budgets, strategies and workplans for Network operations. It also explores strategies to enhance the effectiveness of the Network's work to enhance civil society input to GEF. The Committee has established four sub-committees to address Governance, membership and elections; outreach and communication; Strategy and planning; and linkage with GEF-related conventions. Task forces are established from time to time to address key issues. In the past year, task forces and working groups have been established to oversee regional elections and to develop inputs to the GEF focal area strategies respectively.

8. The selection process of a new separate Secretariat is at its final stage and will be announced prior to the November 2017 Council Meeting. For the reporting, period the Global Environment Centre (GEC) was acting as the Interim Secretariat.

ORGANIZATION AND PARTICIPATION IN GEF RELATED MEETINGS

GEF Council – CSO Consultations

9. The GEF-CSO Network plays a key role in the organization of GEF Council–CSO Consultations immediately prior to the GEF Council meetings in Washington DC. These bring together representatives of member CSOs, GEF Council members, GEF Agencies, GEF-related Conventions and the GEF Secretariat. The meetings provide a forum for key issues of concern to civil society to be discussed with the GEF Council members, agency representatives and other stakeholders.

10. GEF Council-Civil Society consultations were organized by the Network prior to the 51st GEF Council meeting in October 2016 and the 52nd GEF Council Meeting in May 2017. Each meeting was attended by more than 100 people from a broad range of stakeholders including council members, GEF Agencies, GEF Secretariat and CSOs. The GEF CEO participated in one hour dialogue sessions in the meetings providing an opportunity for CSOs to learn first-hand of key GEF initiatives and challenges. The focus of the consultation in Oct 2016 was on two key issues: GEF Public Involvement Policy and GEF focal areas in GEF-7 while in May 2017 the discussion was on the seventh replenishment of GEF Trust Fund and vision for the role of CSOs in GEF.

11. Summary reports on the consultations can be found at:

<http://www.gefcso.org/index.cfm?&menuid=324&parentid=49>

GEF Expanded Constituency Workshops

12. Between July 2016 and June 2017, the Network RFPs and members attended 12 ECW meetings in Kazakhstan, Madagascar, Cameroon, Lebanon, Fiji (in 2016), Swaziland, Ukraine, Brazil, Vietnam, Seychelles, Grenada and Congo (in 2017). During the workshops, the RFPs played an important role in facilitating knowledge sharing among CSOs as well as organizing special dialogue sessions. These CSO meetings deepened members' understanding of GEF work modalities and cooperation. A list of meetings attended by Network focal points in the period is given in *Annex 5*.

13. The RFPs also helped to facilitate half-day CSO meeting held back-to-back with the ECW meetings and involved representatives of CSOs from each country attending the ECW. A total of 198 CSO representatives from 76 countries attended these meetings. These meetings were important for CSOs to share common achievements and challenges facing their engagement with GEF and to enable them to prepare a common position to share with the ECW meeting.

Input to GEF Policy Making

14. The Network presented 14 position papers, and made associated statements in relation to GEF Council working papers at the respective GEF Council as listed below.

Meeting	Statement/position papers
51 st Council Meeting and LDCF/SCCF Council	<ol style="list-style-type: none"> 1. Agenda 4 -Annual Portfolio Monitoring and Results Report 2. Agenda 7 -Work Program 3. <http://www.gefcso.org/index.cfm?&menuid=323&parentid=92>

In addition, in between the council meetings the Network provided comments on the following GEF papers

- OPS6 study in CSO participation in GEF activities in April 2017
- OPS6 Sub-study on Gender Mainstreaming in the GEF in April 2017

Input to GEF-7 Programming Directions and Replenishment

15. The Network provided specific input into the key documents for GEF-7, i.e. GEF-7 Programming Directions and Policy Agenda, which was made available at the GEF-7 Replenishment meeting in March 2017.

16. The GEF-CSO Network contributed to the replenishment process of GEF7. During this reporting period, representatives of the network attended the first replenishment meeting on 29-30 March 2017 at Paris, France. The Network was represented by Lisa Elges/Maeve McLynn (RFP for Europe region) and Patricia Turpin (RFP for Caribbean region).

17. Prior to the Paris meeting, the Network in collaboration with CAN Europe and EBRD to organize a developed country stakeholder consultation meeting on 13 March 2017 in London to gather input from stakeholders and contribute to the replenishment process.

Involvement in GEF Working Groups

18. The GEF-CSO Network contributed actively to the GEF policy/plan implementation process during the reporting period. The Network participated in three GEF Working Groups; i.e. the Public Involvement Policy, Gender Action Plan and Knowledge Management.

15. The GEF-CSO Network worked closely with GEF Sec on the process of the revision of the GEF Public Involvement Policy (PIP). Three representatives from the GEF-CSO Network participated in the Working Group on the PIP. The Working Group met face to face on 24 October 2016 and 22 May 2017 after the GEF Council-CSO consultation meeting and well as through teleconferences on 25 Aug and 19 Oct 2016. Comments were also provided on a draft version of a revised policy in June 2017. The revised policy will be presented to the 53rd Council in November 2017.

16. A representative of the Network attended the GEF Knowledge Management WG on 27 Oct 2016 and 26 May 2017 while Priscilla Achakpa has contributed to on-line communications of the Task Force meeting on Gender.

Review of the GEF-CSO Network by IEO

17. The GEF (IEO) undertook an evaluation of the GEF CSO Network in 2015-2016. the report of which was presented to the 50th Council meeting in June 2016. The overall conclusions of the IEO's Evaluation Report of the Network are that the GEF CSO Network continues to be relevant and is delivering results to, and is a credible and legitimate member of the GEF Partnership which provides benefit to members and the Council on projects and policy.

15. In response to the review, the Network prepared a Draft Action Plan which was presented to the 50th Council meeting which emphasized on enhanced partnership with other GEF partners, securing adequate resources and developing a common vision with the GEF family. During the reporting period the Network implemented several of the items in the Action Plan (see *Annex 6*) including, developing a new membership strategy, revision of the Network rules and procedures on complaints procedure and development of an annual work plan.

Input to Ad-Hoc Council Working Group on Civil Society

16. Based on the GEF council's decision during the 50th meeting, an Ad-Hoc Council Working Group on GEF and Civil Society was established in July 2016 to develop an updated vision of the relationship between the GEF and civil society and a plan to achieve it. In response to council's request, the Network establishes its own working group which comprises of a balanced representation of 6 CSOs as listed follows :

	GEF-CSO Network representatives	Areas of input
1.	Essam Nada Chair and RFP for North Africa region	Network Management
2.	Victor Kawanga Vice Chair and RFP for Southern Africa region	Network Strategic Issues-
3.	Lisa Elges RFP for Europe region	Conflict Resolutions and Transparency
4.	Nana Janashia RFP for Eastern Europe & Central Asia region	Communication and Gender
5.	Ramon Cruz RFP for North America region	Networking and Meetings
6.	Thomas Jalong Indigenous Peoples Focal Representative for Asia region	Representative of IPs

17. The following are the key activities that have taken place during this reporting period:

- Submitted the names of the Network representatives to the Ad-hoc WG in July 2016.

- Discussions during CC meetings in Oct 2017 and May 2017 and Management Team meetings via teleconference between July 2016 to June 2017
- Participated in the global consultation meetings via teleconference in January 2017.
- Between July to Dec 2016, the Network followed-up with the Ad-hoc WG on progress and next course of action, but was informed that the WG is still in early stage
- The Network organised a special session at the CSO consultation workshop during the 51st Council meeting in October 2016 to discuss the role of CSOs in GEF through GEF-CSO Network. The participants were split into 5 breakout groups which comprises of representatives from GEF Sec, GEF agencies, council members, CSOs and IPs. More than 75 participants participated in this group discussion; however, only 1 member of the Ad-hoc WG participated.
- Held face-to-face meeting with Ad-hoc WG and followed with a consultation with stakeholders during the CSO Consultation meeting on 22 May 2017. During this meeting, the Network presented a brief response on the progress report of the Ad-hoc WG to the 52nd Council meeting.
- During the 52nd Council Meeting, the Network presented its statement on the Progress report of the Ad-hoc Council WG on GEF and Civil Society (Agenda item 7).

GEF Audit/Investigation on Allegations against GEF-CSO Network

18. GEF Secretariat appointed an independent auditor in Dec 2016 to review the unsubstantiated allegations about the Network and some of its members which was distributed at and prior to the 50th GEF Council in June 2016.

19. The Network Coordination Committee and the Interim Secretariat worked closely with the auditor between Dec 2016 – Jan 2017. This includes participating in phone interviews and providing all the relevant supporting documents.

20. The Network received the auditor's report on 18 Feb 2017. In his report, the auditor stated that he found no evidence to support the claims made or indication that would merit additional investigation. He considered that use of the terms "fraud" and "corruption" were unwarranted. The Network is happy that the auditor has reviewed and dismissed all these allegations. A summary statement on this issue (*see Annex 7*) was circulated to the Network members and relevant agencies. The Network also submitted its comments to the GEF CEO on 15 March 2017 to share some of its concerns.

Collaboration with Small Grants Programme (SGP)

21. The Network contributed actively to the work of the GEF Small Grants Programme. It is represented in the GEF SGP Global Steering Committee which was formally re-established in June 2015. Meetings were held on 26 Oct 2016 and 23 May 2017 on the sidelines of the GEF Council.

22. The Network also worked with SGP in developing concepts for CSO-Government Policy Dialogues in several regions. However, the implementation was shelved due to changes in SGP policy and strategy and apparent lack of funding.

Strengthening of links between GEF and CSOs in Convention meetings

21. Several of the RFPs/IPFPs attended the COP 22 UNFCCC from 7-18 Nov 2016 in Morocco. The Network members participated in the CSO dialogue with GEF CEO on 14 & 16 Nov 2016 well as contributed to discussions in several GEF-related side events.

Outreach and communication

23. The Network continued to maintain and develop the Network website www.gefcso.org as an interactive communication tool between the Network and the members as well as others interested in CSO activities related to GEF. Electronic mailing groups were extensively used at regional and global level to disseminate information to members.

24. The use of the GEF-CSO Network website has significantly increased over this period, it has attracted a cumulative total of 198,362 visitors (up till June 2017). The number of visitors per month has steadily increased over the past year with the monthly average now topping 2000 visitors.

25. To promote further outreach, during the reporting period, the Network developed and disseminated 2 issues of its quarterly e-Newsletter (Sept and Dec 2016). The Sept 2016 issue was also available in Arabic language. In addition to the Network members, the newsletters were disseminated to the GEF Council Members, GEF Agencies, GEF Focal Points and others.

Membership Development

22. The membership of the Network is managed by the Interim Secretariat and a Membership Officer was appointed on a part-time basis in the Secretariat office.

23. As of September 2017, there were 540 members in the Network. Membership promotion was undertaken at global, regional and local levels through the RFPs, international meetings, for example, during UNFCCC meeting, and through the website. The current list of member organizations is given in *Annex 8*.

WORK OF THE NETWORK FOCAL POINTS

Regional Focal Points

24. At the regional level, activities were undertaken by the RFPs in their respective region to enhance the role of civil society in GEF activities and in promoting the Network. The key activities undertaken by RFPs in their regions were:

- (a) Providing inputs to and implementing Network decisions and action plans including cooperation with all partners.
- (b) Implementing GEF Council Consultation meetings, GEF Council meetings and providing inputs to related position papers.
- (c) Inviting new members from respective regions to strengthen the CSOs base in GEF process.
- (d) Dissemination of information about events, meetings, updates and comment pertaining to environment and GEF activities to CSOs in their respective regions (including in respective regional languages).
- (e) Circulation of reports on achievements from GEF Council CSO consultations and the GEF Council
- (f) Soliciting and collating of inputs and comments from the constituency on Network position papers, GEF papers, etc.
- (g) Promotion of the Network through emails, website and meetings to encourage more local CSOs to be a part of the Network.
- (h) Sharing and disseminating information on funding opportunities including the SGP to CSOs.
- (i) Recommendation of participants from their region for participation in the GEF meetings, e.g. Council, Expanded Constituency Workshops (ECW) and other meetings.
- (j) Liaising with GEF Operational Focal points in selected countries in their regions.
- (k) Participation in and coordination of CSO activities and presentation on CSO issues at ECW meetings, including organisation of CSO meetings at regional level back-to-back with ECW meetings.
- (l) Gathering activity reports at country to country level through Country Contact Points (CCP), etc.
- (m) Overseeing the works of CCPs as appropriate.

Indigenous Peoples Focal Points

25. During this period, the engagement between the Network and IP organizations and networks has been enhanced. There was also some engagement of IP organizations in country dialogues but the envisaged involvement of IP organizations in ECW was limited due to various constraints, related to the selection procedure and limitation of participation to one CSO representative per country.

26. The Network is represented in the GEF Indigenous Peoples Advisory Group (IPAG) by Thomas Jalong, the Indigenous Peoples Focal Point for Asia with Ms Yeshing Juliana Upún Yos, Indigenous Peoples Focal Point for the Americas, as alternate. The Network representative attended the Fifth Meeting of the GEF Indigenous Peoples Advisory Group which was held from the 20-22 Oct 2016 and discussed the guiding principle for IPs and establishment of a mechanism for its implementation.

27. The IPFPs were active in strengthening the engagement with IPs and the Networks. Their activities included:

- (a) Dissemination of information about events, meetings, updates and comments pertaining to environment and GEF activities to Indigenous peoples' organizations and Networks in their respective regions.
- (b) Circulation of reports on achievements from GEF Council CSO consultations and the GEF Council to Indigenous People's organizations and Networks
- (c) Sharing and dissemination of information on funding opportunities including the SGP to Indigenous Peoples organizations.
- (d) Recommendation of participants from indigenous peoples' organizations for participation in the GEF meetings, e.g. Council, ECW and other meetings.
- (e) Participation in GEF Council-CSO Consultation meetings and GEF Council meetings, and providing inputs to position papers on CSO engagement in GEF.
- (f) Participating in meetings of the Coordination Committee and relevant sub committees.
- (g) Participation in selected convention-related meetings including UNFCCC COP 22 in Morocco.

Management Team

28. The Management Team has been actively overseeing the activities of the Network. Their activities included:

- (a) Facilitating the coordination between the work of the sub-committees, Interim Secretariat and the Coordination Committee.

- (b) Overseeing the preparation of the Coordination Committee meeting, Preparatory meeting and GEF Council – CSO Consultation meeting before the 51st Council meeting in October 2016 and the 52nd Council meetings in May 2017.
- (c) Overseeing the preparation and input to 51st and 52nd GEF Council meetings, including reviewing and approving the list of sponsored participants
- (d) Held communications with GEF Secretariat through regular conference call on the Network matters and with GEF Agencies (UNDP) on the PIF development
- (e) Monitoring and guiding the work of the Interim Secretariat

Interim Secretariat

29. The Interim Secretariat was formally appointed in October 2015 following the adjustment of the Network’s rules. It has been actively involved in coordinating of the review of Council papers, preparation of Network position papers, organizing preparatory, Council-CSO meetings and other GEF-related meetings and overall administration of the Network. The key activities undertaken were:

- (a) Assisting in conducting the Coordination Committee meeting, Preparatory meeting and GEF Council – CSO Consultation meeting before the 51st Council meeting in October 2016 and Coordination Committee, Preparatory Meeting and GEF Council – CSO Consultation meeting before the 52nd Council meetings in May 2017.
- (b) Taking part in the GEF Working Group on Public Involvement Policy and GEF SGP Steering Committee.
- (c) Outreach and communication with members to share information on GEF-CSO Network and GEF activities including e-group and website operation and maintenance.
- (d) Coordinating membership administration and promotion.
- (e) Coordinating preparation of Network policy and position papers for GEF Council sessions.
- (f) Communicating with the independent auditor appointed by GEF on the investigation into the allegations against the GEF CSO Network, including providing supporting documents, participating in the phone interviews and providing comments to the report.
- (g) Providing support to the respective Task Forces for the election of the Regional Focal Points in 6 regions and in the selection of the new Secretariat.

Finance and Administration

30. Although the Network primarily works on a voluntary basis – it needs resources to cover the cost of specific activities and services including administration and governance, outreach, advocacy engagement, and participation at GEF related meetings and workshops.

31. Between 2009-2014 the Network received an annual grant of \$50,000 from the GEFSEC (from the communications budget of the External Affairs section) to support outreach and communication activities including maintaining the network web site, production of the newsletter, development and translation of materials for dissemination in local languages and organization of activities at country and sub-regional level. However, this direct support from the Secretariat was stopped in 2014.

32. The GEF-CSO Network received a grant of USD50,000 from the GEF NGO Voluntary Fund via GEF Secretariat in September 2015. This supported the Network's activities and in particular, strengthened its capacity and activities at the regional and country levels for September 2015 – October 2016.

33. In line with its procedures for financial management, Network accounts are audited on a calendar year basis and the audit reports posted on the Network website. The audit report for 2016 is available [here](#).

34. Following the finalization of its strategic plan in June 2015 – the Network has initiated a process to identify other sources of funds to support its work. The Network has discussed with selected GEF Council members and several CSO GEF Agencies (WWF-US, IUCN and CI) on possible contributions from them to support the Network's work and they have been positive. However further progress on possible support from the Council members was deferred due to the establishment for the Ad-hoc working group on GEF and Civil society which was meant to examine the options for establishing mechanisms for longer term support of the Network. However, to date it has not been possible to have a focused discussion with the ad-hoc group on this matter and it is uncertain how this key issue will be addressed.

35. During the year, the GEF Secretariat supported the participation of 55 CSO representatives in the October 2016 (30 places) and May 2017 (25 places) Council-CSO Consultation Meetings. This support consisted of travel, accommodation and meal expenses for the CSO participants. In addition, about 40 CSO representatives attended the meetings with their own resources. Funding was also provided to support the participation of members of the Network as well as RFPs in the GEF ECW meetings. Co-financing was also provided by Network members for a number of activities through significant time input as well as costs for a number of participants in various meetings.

36. The lack of dedicated fund allocation for the Network is a major constraint to support the implementation of the Network's Strategic Plan.

KEY ISSUES/CONCERNS AND RECOMMENDATIONS

Progress in addressing issues raised in the 2014-2015 Report

37. Eight issues requiring action by the Council or Secretariat were highlighted in the Network's Report to Council for 2014-2015. They are as follows:

- (a) Enhancing the procedures for the selection and travel arrangements for CSOs supported to attend GEF Council-CSO consultations
- (b) Enhancing the role of the Network in selecting participants for the ECW meetings
- (c) Contributions to the GEF NGO Voluntary Fund
- (d) Review and update of the GEF Public Involvement Policy
- (e) Establishment of the mechanisms to enhance the engagement of Indigenous Peoples and the GEF
- (f) Enhancing support for CSO engagement with the GEF at COPs of various multilateral environmental agreements (MEAs) and the SDG framework.
- (g) Building strong mechanisms for Network member engagement at national, regional and global level such as through incorporation of CSO reps in GEF monitoring and evaluation teams
- (h) Exploring ways to strengthen the relationship between GEF, agencies, implementing partners and civil society

38. Progress has been generally positive during the year with good achievements in a number of areas, as follows:

Full or partial progress

- (a) Enhancing the procedures for the selection and travel arrangements for CSOs supported to attend GEF Council-CSO consultations

Improvements have been maintained on selection and travel arrangements for GEF Council – CSO consultations – however there still remains a problem for participants from some countries to obtain visas on time and in travel arrangements. This was addressed by bringing forward the deadline for application to enable selection to be completed two months before the Council meeting. The GEFSEC has also continued to show flexibility on allowing additional or replacement participants when budgets permit.

- (b) Enhancing the role of the Network in selecting participants for the ECW meetings.

Improvements have been maintained in 2015-2016 in the coordination between the GEF Secretariat and the Network in identification and selection of participants to attend the ECW meetings. This has enabled better preparations

to have been made by the Network prior to the meetings and has enabled back-to-back meetings of CSOs to be organized at most ECWs in 2016/2017 with an option to report on CSO deliberations in the ECW meeting. However, the reduction in the back-to-back CSO meetings from 1 day previously to half-day starting 2016 has limited the full engagement and discussion among the CSOs (the cost of the one day CSO meeting is low as the only cost is for one extra night's accommodation/subsistence and the cost of a meeting room). In addition, there was no specific agenda item in the main ECW meeting related to CSOs – limiting the engagement possibilities.

Recommendation 1: ECW meetings should continue to include a specific agenda item related to engagement of civil society. Funding should continue to be provided through the ECW mechanism for back-to-back full day preparatory/follow-up CSO meetings to be organized at the time of each ECW meeting.

(c) Review and update the GEF Public Involvement Policy

The Network has actively contributed input to the Working Group on the GEF Public Involvement in 2016/17. It provided significant comments on the development of a draft Stakeholder Engagement Policy to replace the former PIP. However, the Policy currently drafted is rather simple and relies on the development of more detailed guidelines which have yet to be prepared. The Network has called for strengthening of the basic policy to ensure that key issues related to Civil society are included.

Recommendation 2: The GEF Secretariat should strengthen the Draft Stakeholder Engagement Policy based on the inputs of the Network members and the members of the Working group on the Policy. The preparation of the associated guidelines should be expedited. Resources should be put in place for the implementation of the policy.

(d) Establishment of the Mechanisms to enhance engagement of Indigenous peoples and GEF

The Indigenous Peoples Advisory Group (IPAG) continued its work in 2016-2017. Meetings were held on 21-22 Oct 2016 and in May 2017 during the GEF Council meetings and there has been continuous discussion and meeting on skype in between the meetings. The key discussion is on the GEF-7 input and expected output where it is expected that financial support for IPLCs will be fully discussed under the inclusive conservation. Other outcomes included input on the way forward for IPAG coordination after changes in the GEF Secretariat.

Recommendation 3: GEF should continue work to fully put in place the mechanisms to support the implementation of the GEF Principles and Guidelines on the Engagement of Indigenous Peoples In addition, adequate financial resources need to be allocated to fund the workplan of the IPAG and establish a dedicated financing mechanism for Indigenous peoples under GEF.

39. Limited progress has been made in other areas as below:

Little or No progress

(e) Contributions to the GEF NGO Voluntary Fund

The GEF NGO Voluntary Fund was established in January 2012. Initial funds comprised the remaining funds from earlier donor grants in the 1990s as well as additional funds from the GEF Secretariat. The fund was established to support the work of the Network and with the adoption of the Network strategic plan 2015-2022 – there are a range of activities that need support and additional contributions are required – especially from donor countries. The balance of funds was allocated to a grant to the Network for the period October 2015-October 2016. No contributions have been made to the fund since 2012.

Recommendation 4: In line with the recommendation of the IEO to establish a sustaining financing mechanism for the GEF CSO Network – the Council should make a specific allocation of resources for the Voluntary Fund as well as establish other mechanisms to support the Network.

(f) Enhancing CSO engagement with the GEF at COPs of various multilateral environmental agreements (MEAs) and the Sustainable Development Goals (SDGs) framework

Besides the dialogue between the GEF CEO and CSOs attending the climate change COP21 in Marrakesh in December 2016, little progress was made on enhancing the support of the engagement of CSOs with the GEF at the COPs of various multilateral environmental Agreements. With regards to the new SDGs, the Network is tracking the progress of the SDGs to see how the Network can link its Strategic Plan and contribute to the goals.

Recommendation 5: GEF Secretariat and GEF-CSO Network should continue to work together to enhance CSO engagement with the GEF at COPs of various Multilateral Environmental Agreements (MEAs) as well as support the implementation of the SDGs.

(g) Building strong mechanisms for Network member engagement at national, regional and global such as through incorporation of CSO reps in GEF monitoring and evaluation teams;

Limited progress has been made in relation to this issue but the matter has been highlighted in the context of the revision of the Public Involvement Policy as well as the work of the Ad-Hoc Working Group on GEF and Civil Society. Engagement in GEF M&E activities could be addressed in conjunction with the GEF Independent Evaluation office. It was planned that the Network will provide input to the revision of the GEF M&E policy in 2016-2017 – however this was apparently deferred.

Recommendation 6: GEF IEO and GEF CSO Network to explore further options to enhance engagement of Civil Society in Monitoring and evaluation of GEF projects and programmes.

- (h) Explore ways of strengthening the relationship between GEF, agencies, implementing partners and civil society

Significant discussion was undertaken on this in the framework of the Working Group on the Public Involvement policy and the Ad-Hoc Working group on GEF and Civil Society - but little significant progress was made in relation to implementation on this issue. Two specific areas have been identified for further work – notably working at the country level with OFPs and national CSOs and organizing further dialogues with GEF Agencies to promote enhanced opportunities for CSO engagement in projects and programmes developed by agencies (guided by the new Stakeholder Engagement Policy).

Recommendation 7: Efforts to enhance the engagement of CSOs and GEF OFP at the country level should be enhanced – through the organization of annual meetings between OFPs and CSOs and enhanced engagement of CSOs in GEF project and programme design and implementation.

Recommendation 8: The GEF Agencies and GEF CSO Network should undertake discussions to identify options for enhanced CSO engagement in projects and programmes developed by agencies.

ANNEX VII. GEF-CSO NETWORK SUMMARY STATEMENT ON RESULT OF GEF AUDIT/INVESTIGATION ON ALLEGATIONS AGAINST THE NETWORK

GEF-CSO NETWORK SUMMARY STATEMENT

**ON RESULT OF GEF AUDIT/INVESTIGATION ON ALLEGATIONS
AGAINST GEF-CSO NETWORK**

10 May 2017

The GEF CSO Network is very happy that the GEF Secretariat appointed an independent auditor in Dec 2016 to review the unsubstantiated and potentially defamatory allegations about the Network and some of its members. The document which was allegedly prepared by 21 Network members was distributed at and prior to the 50th GEF Council in June 2016.

We received the auditor's report on 18 Feb 2017. In his report, the auditor stated that he found no evidence to support the claims made or indication that would merit additional investigation. He considered that use of the terms "fraud" and "corruption" were unwarranted.

We are happy that the auditor has reviewed and dismissed all these allegations. His conclusion reaffirms our suspicion that this allegation is a plot by some parties to disrupt and smear the good name of Network. Our suspicion is also compounded by our own investigation which we found that at least 3 of the supposed complainants were not part of or have never seen the allegations submitted to the GEF Council.

The unsubstantiated allegations distract and contradict from the comprehensive work undertaken by the GEF Independent Evaluation Office (GEF IEO) in a 12-month process presented at the same GEF Council meeting. In its conclusion, GEF IEO has stated that the GEF CSO Network continues to be relevant and is delivering results to, and is a credible and legitimate member of the GEF Partnership which provides benefit to members and the Council on projects and policy.

With the dismissal of these false allegations, we are in the process of taking action against those that orchestrated this action in accordance with the Network's Rules and Procedures.

We have submitted additional feedback on the review to GEF CEO on 16 March 2017 which has also been circulated to the Council. The Network looks forward to the Council's guidance on how to move the Network forward in an appropriate manner.
