

19<sup>th</sup> LDCF/SCCF Council Meeting  
October 22, 2015  
Washington, D.C.

Agenda Item 03

**PROGRESS REPORT ON  
THE LEAST DEVELOPED COUNTRIES FUND AND  
THE SPECIAL CLIMATE CHANGE FUND**

**Recommended Council Decision**

The LDCF/SCCF Council, having reviewed document GEF/LDCF.SCCF.19/03, *Progress Report on the Least Developed Countries Fund and the Special Climate Change Fund*, welcomed the report and took note with appreciation of the progress made under the LDCF and the SCCF.

## EXECUTIVE SUMMARY

1. This report describes the progress made in the operations of the Least Developed Countries Fund (LDCF) and the Special Climate Change Fund (SCCF) since their inception and specifically during the period from April to September 2015.
  
2. During the reporting period, cumulative pledges to the LDCF increased by \$1.18 million, reaching \$935.69 million on August 31, 2015, all of which had been paid. In the near term, the demand for LDCF resources considerably exceeds the funds available for new approvals. As at September 22, 2015, the funds available for new funding decisions amounted to \$17.78 million; whereas resources amounting to \$254.48 million were sought for 34 full-sized projects and one medium-sized project that had been technically cleared by the Secretariat; and another \$72.02 million was sought towards 13 project proposals that had been endorsed by countries' operational focal points and formally submitted.
  
3. As at September 22, 2015, 51 least developed countries (LDC) had accessed \$12.20 million in support of the preparation of their national adaptation programmes of action (NAPA). Of the 50 countries that had completed their NAPAs, 49 had accessed a total of \$905.63 million for 161 projects to address their urgent and immediate adaptation needs. In addition, three global projects with LDCF resources amounting to \$13.69 million had been approved to support the preparation of the national adaptation plan process in LDCs, and the implementation of elements of the LDC work program other than NAPAs. In absence of sufficient, additional contributions no new funding decisions were made during the reporting period.
  
4. Under the LDCF, 104 out of 123 projects endorsed or approved by the GEF CEO provided an estimate of the number of direct beneficiaries. These projects, with LDCF resources amounting to \$556.12 million, seek to directly reduce the vulnerability of more than 13 million people.
  
5. During the reporting period, six LDCF projects were endorsed by the GEF CEO. These projects will, *inter alia*, introduce locally adapted technologies, practices and approaches to increase the resilience of at least three different agricultural production systems in Mozambique, using a network of 3,200 farmer field schools to reach a total of 45,000 farmers. In Zambia, another project that received CEO Endorsement during the reporting period will pilot community-based, climate-resilient agro-forestry and assisted natural regeneration

techniques over at least 15,000 ha of forests in the Central Province, with direct benefits to more than 3,000 vulnerable households

6. Cumulative pledges to the SCCF amounted to \$349.08 million as at August 31, 2015, with no increase since March 31. Of the total resources pledged, \$344.08 million or 99 per cent had been paid. During the reporting period, the funds available in the SCCF could support the inclusion of only one project into the October 2015 Work Program (GEF/LDCF.SCCF.19/04).

7. As at September 22, 2015, 79 countries had accessed a total of \$345.03 million for 76 projects under the SCCF. This represents an increase of \$15.80 million or five per cent during the reporting period. Of the total resources approved, \$284.35 million were for 65 projects under the SCCF Adaptation Program (SCCF-A), while twelve projects had been approved under the SCCF Program for Technology Transfer (SCCF-B), with total grant resources amounting to \$60.68 million. One project accessed resources under SCCF-A as well as SCCF-B. In the SCCF 39 out of 60 projects endorsed or approved provided an estimate of the number of direct beneficiaries. These projects, with SCCF resources amounting to \$169.12 million, aim to directly reduce the vulnerability of more than 4 million people.

8. Under the SCCF, three projects were endorsed by the GEF CEO. These projects will, *inter alia*, deploy climate-resilient irrigation technology and practices over 3,000 ha in Egypt, with direct benefits to some 24,000 households; and harness synergies between adaptation, mitigation and sustainable land management in the context of livestock management in Ecuador, resulting in 30,000 ha of land being brought under SLM, indirect mitigation benefits amounting to 3 MtCO<sub>2</sub>eq, and directly reducing the vulnerability of more than 1,000 small-scale livestock producers.

## TABLE OF CONTENTS

## INTRODUCTION

1. This report describes the progress made in the operations of the Least Developed Countries Fund (LDCF) and the Special Climate Change Fund (SCCF) since their inception and specifically during the period from April to September 2015.

**Table 1: The LDCF and the SCCF at a glance, September 22, 2015**

	LDCF	SCCF	Total
<b>Pledges and contributions<sup>1</sup></b>			
Total cumulative pledges (USDeq)	935,690,103	349,082,569	1,284,772,672
Total paid contributions (USD)	935,690,103	344,082,569	1,279,772,672
<b>Project approvals</b>			
Total cumulative funding approvals towards projects and programs (including Agency fees) (USD)	931,514,294	345,027,404	1,276,541,698
Total co-financing mobilized (USD)	3,751,660,699	2,632,449,039	6,384,109,738
Total number of projects	217 <sup>2</sup>	76 <sup>3</sup>	293
Number of countries	51	79	117 <sup>4</sup>
<b>Projects endorsed or approved by the GEF CEO</b>			
Number of projects	176	60	236
Total funding commitments (including Agency fees) (USD)	657,029,266	254,940,806	911,970,072
Total co-financing (USD)	2,970,237,218	1,997,972,406	4,968,209,624

<sup>1</sup> Pledges and contributions are as at August 31, 2015.

<sup>2</sup> These include 10 child projects under four programmatic approaches.

<sup>3</sup> These include four child projects under four programmatic approaches.

<sup>4</sup> Total number of countries that have accessed resources from the LDCF or the SCCF.

## LEAST DEVELOPED COUNTRIES FUND

### Pledges and contributions to the LDCF and further financing needs

2. As at August 31, 2015, cumulative pledges to the LDCF amounted to \$935.69 million, representing an increase of \$1.18 million since March 31, 2015 (see Figure 1 below). All of the resources pledged had also been paid, and there was an increase in paid contributions of \$6.55 million during the reporting period, or less than one per cent. Resources had been provided by 25 contributing participants. With \$29.04 million in pledges announced since July 1, 2014, the GEF was far from being able to program LDCF resources at the level proposed in the illustrative scenarios contained in the *Programming Strategy on Adaptation to Climate Change for the LDCF and the SCCF* (GEF/LDCF.SCCF.16/03) of \$175-\$225 million per year or \$700-\$900 million over the four-year period. For further details, please refer to document GEF/LDCF.SCCF.19/Inf.02, *Status Report on the Least Developed Countries Fund*.

3. In the near term, the demand for LDCF resources considerably exceeds the funds available for new approvals. As at September 22, 2015, funds available for new funding approvals amounted to \$17.78 million; whereas 34 full-sized projects (FSP) and one medium-sized project (MSP) had been technically cleared for a total funding demand of \$254.48 million. In addition, another 13 project proposals, requesting a total of \$72.02 million, had been endorsed by countries' operational focal points and formally submitted for review by the Secretariat.

4. While the recommended projects remain at concept stage and have yet to articulate specific, quantitative targets; eleven projects provide estimates of the expected number of beneficiaries. These projects, with associated LDCF requests amounting to \$78.61 million, would aim to reduce the vulnerability of some 1.62 million people. Among other expected results, five projects would bring more than 260,000 ha of land under more resilient management, and 22 projects would strengthen hydro-meteorological and climate information services in 25 LDCs. Altogether the 35 technically cleared projects would benefit 33 LDCs and they would include the first LDCF investments that would address, as a priority, the impacts of climate change on public health systems.

5. In response to guidance by the Conference of the Parties to the United Nations Framework Convention on Climate Change (decisions 5/CP.17; 12/CP.18); and the decision by the LDCF/SCCF Council, at its fourteenth meeting in June 2013, to operationalize support towards the preparation of the national adaptation plan (NAP) process (GEF/LDCF.SCCF.14/06); twelve out of the 35 technically cleared projects have been explicitly designed to advance LDCs' NAP processes. These projects would enable countries to move decisively beyond the implementation of their urgent priorities towards the integration of climate change adaptation across key policies, plans, programs and decision-making processes as a means to identify and address short-term as well as medium- and long-term adaptation needs. These twelve projects include the first LDCF-financed investments to develop and strengthen national frameworks and systems to enable LDCs to continuously monitor, evaluate and learn from their adaptation actions at the national and sub-national levels.

6. More broadly, additional contributions are needed if the LDCF is to meet the full cost of addressing the urgent and immediate adaptation needs of least developed countries (LDC) – as identified in their national adaptation programmes of action (NAPA) – which has been estimated at \$2 billion<sup>5</sup>.

**Figure 1: Total annual and cumulative pledges to the LDCF by fiscal year (million USD eq.)**

### Support towards the preparation of national adaptation programmes of action

7. As at September 22, 2015, the GEF, through the LDCF, had provided \$12.20 million in support of NAPA preparation in 51 LDCs. At the end of the reporting period, 50 countries had completed and submitted their NAPAs, namely: Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Cape Verde, Central African Republic, Chad, Comoros, Democratic Republic of the Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea Bissau, Haiti, Kiribati, Lao People’s Democratic Republic, Lesotho, Liberia, Madagascar, Malawi, Maldives, Mali, Mauritania, Mozambique, Myanmar, Nepal, Niger, Rwanda, Samoa, Sao Tomé and Príncipe, Senegal, Sierra Leone, Solomon Islands, Somalia, Sudan, Timor-Leste, Togo, Tuvalu, Uganda, Tanzania, Vanuatu, Yemen and Zambia.<sup>6</sup>

<sup>5</sup> Least Developed Countries Expert Group 2009, Support needed to fully implement national adaptation programmes of action (NAPAs), available on [http://unfccc.int/resource/docs/publications/09\\_ldc\\_sn\\_napa.pdf](http://unfccc.int/resource/docs/publications/09_ldc_sn_napa.pdf).

<sup>6</sup> All completed NAPAs are available on [http://unfccc.int/cooperation\\_support/least\\_developed\\_countries\\_portal/submitted\\_napas/items/4585.php](http://unfccc.int/cooperation_support/least_developed_countries_portal/submitted_napas/items/4585.php).

8. In addition, South Sudan was in the process of preparing its NAPA.

**Support towards the implementation of national adaptation programmes of action and the preparation of the national adaptation plan process**

9. As at September 22, 2015, 49 LDCs had accessed a total of \$905.63 million for 161 projects in support of the implementation of their NAPAs. In addition, three global projects with LDCF resources amounting to \$13.69 million had been approved to support the preparation of the NAP process in LDCs, and the implementation of elements of the LDC work program other than NAPAs. In absence of sufficient, additional contributions no new funding decisions were made during the reporting period. (see Figure 2 below) In total, \$919.31 million had been approved for NAPA implementation, the NAP process and other elements of the LDC Work Program at the end of the reporting period. For a complete list of approved projects and programs, please refer to Annex I.

**Figure 2: Total annual and cumulative LDCF funding approvals by fiscal year (\$m)**

10. Forty-nine out of 50 LDCs that had completed their NAPAs at the end of the reporting period had seen at least one NAPA implementation project approved under the LDCF. Equatorial Guinea remained the only country that had completed its NAPAs but has yet to access LDCF resources for NAPA implementation. As at September 22, 2015, each LDC could access up to \$30 million from the LDCF in accordance with the principle of equitable access. At the end of the reporting period, 21 LDCs had accessed more than \$20 million for NAPA implementation from the LDCF, while 38 LDCs had accessed more than \$15 million. (see Table 2)

**Table 2: LDCF resources accessed for NAPA implementation, September 22, 2015**

<b>Country</b>	<b>Number of projects approved<sup>7</sup></b>	<b>Total LDCF resources accessed (\$m)</b>
Afghanistan	3	23.67
Angola	5	30.43
Bangladesh	4	21.86
Benin	4	25.49
Bhutan	3	18.42
Burkina Faso	4	19.94
Burundi	2	13.19
Cambodia	6	22.08
Cape Verde	1	3.41
Central African Republic	2	11.17
Chad	2	13.00
Comoros	3	19.96
Congo DR	4	20.67
Djibouti	4	22.24
Eritrea	1	10.01
Ethiopia	3	16.45
Gambia	4	27.08
Global	3	13.69
Guinea	4	19.82
Guinea-Bissau	1	4.54
Haiti	4	16.48
Kiribati	2	8.30
Lao PDR	5	23.48
Lesotho	4	20.05
Liberia	3	13.52
Madagascar	3	19.62
Malawi	6	26.95
Maldives	2	6.81
Mali	7	28.91
Mauritania	4	20.07
Mozambique	2	15.05
Myanmar	3	13.99
Nepal	3	15.85
Niger	4	19.87

<sup>7</sup> Includes child projects under programmatic approaches as well as regional projects for which country-specific grant amounts have been defined.

Rwanda	4	24.51
Samoa	4	20.80
Sao Tome and Principe	4	16.17
Senegal	4	20.54
Sierra Leone	4	15.44
Solomon Islands	2	15.69
Somalia	2	19.76
Sudan	5	31.99
Tanzania	3	16.71
Timor Leste	5	27.11
Togo	3	20.00
Tuvalu	3	9.05
Uganda	3	17.13
Vanuatu	3	21.62
Yemen	2	16.53
Zambia	4	20.16

11. Since April 2015, six additional FSPs have received CEO Endorsement, with associated LDCF commitments amounting to \$38.96 million. In total, 123 projects, excluding NAPA preparation, had been endorsed or approved by the GEF CEO as at September 22, 2015.

#### **Regional distribution of LDCF financing**

12. As at September 22, 2015, some 68 per cent of LDCF financing had been directed towards LDCs in Africa, while LDCs in Asia and the Pacific had accessed some 29 per cent of the total resources approved (see Figure 3 below). The regional distribution of LDCF programming reflects the distribution of LDCs, 68 per cent of which are located in Africa. The twelve current and former LDCs that are also Small Island Developing States (SIDS) had accessed a total of \$172.61 million from the LDCF, or some 19 per cent of total approvals.

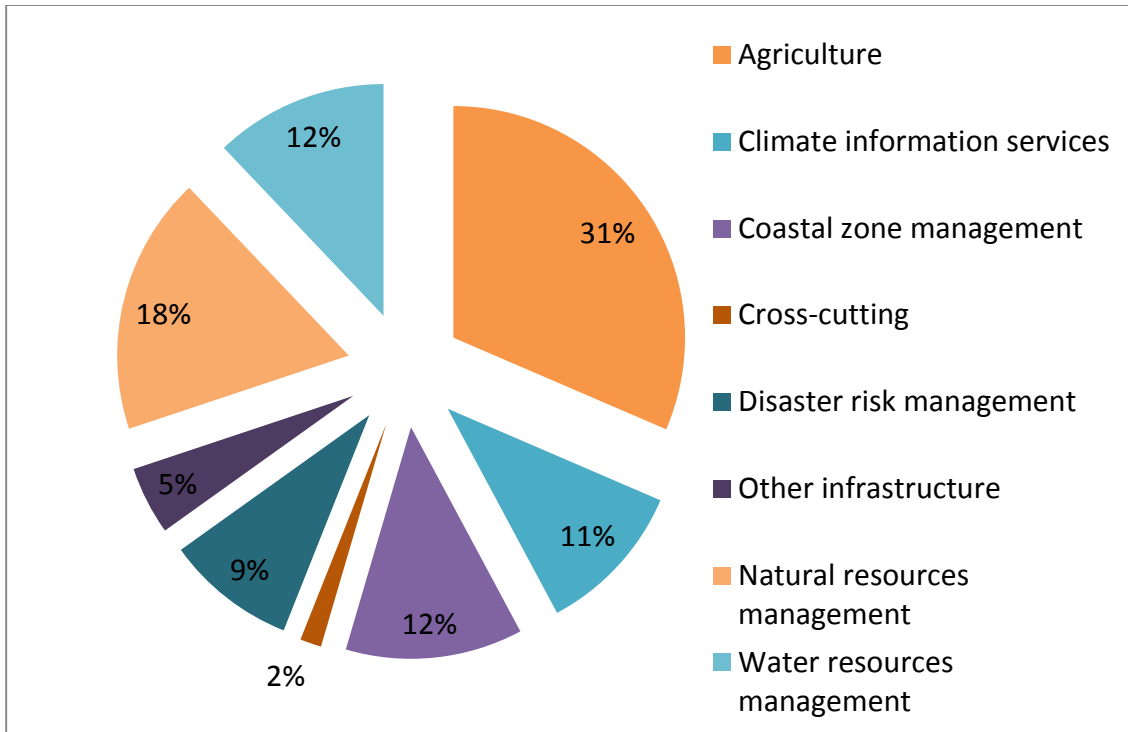

**Figure 3: LDCF financing by region (\$m), September 22, 2015**

**Distribution of LDCF financing by sector**

13. The GEF, through the LDCF, supports LDCs in addressing their urgent and immediate adaptation needs across key, vulnerable sectors. Consistent with the priorities identified in LDC NAPAs, some 31 per cent of LDCF resources have been directed towards enhancing the resilience of agricultural production and food systems. Natural resources management, coastal zone management and water resources management are other priority sectors for LDCF financing, each having received between twelve and 18 per cent of total funding approvals as at September 22, 2015. (see Figure 4 below)

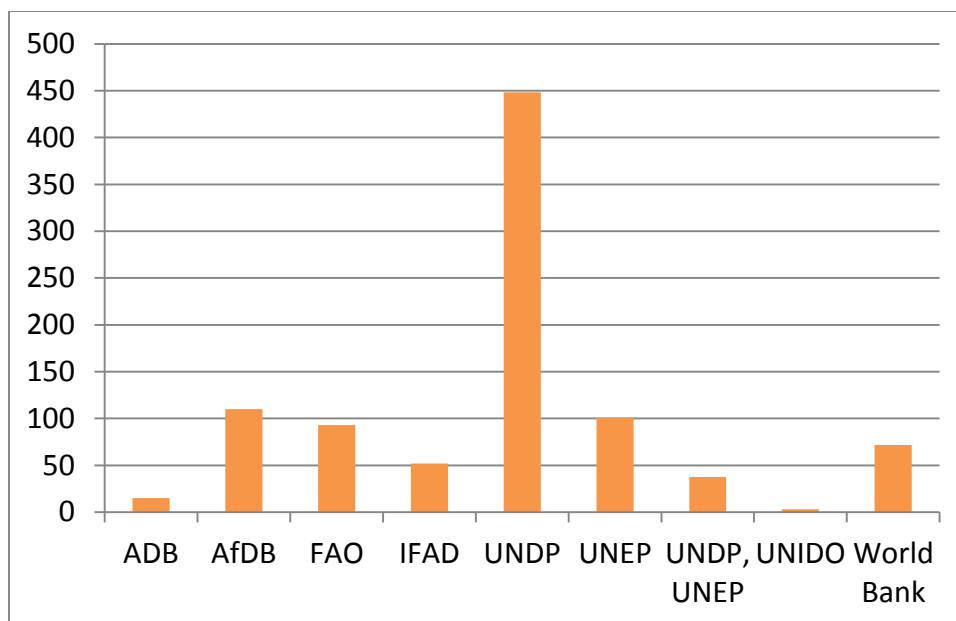

**Figure 4: LDCF financing by sector, September 22, 2015**

**Agency involvement in LDCF operations**

14. As at September 22, 2015, eight GEF Agencies were involved in LDCF operations, with UNDP holding the largest share of the portfolio at 48 per cent of total funds approved. (see Figure 5 below)

**Figure 5: Distribution of LDCF financing by GEF Agency (\$m), September 22, 2015**

### Expected results under the LDCF

15. At the end of the reporting period, 123<sup>8</sup> LDCF projects in support of NAPA implementation, the NAP process and the implementation of other elements of the LDC work program had been endorsed or approved by the GEF CEO and were under some stage of implementation or ready to enter implementation. For these projects, key expected results are summarized in Table 3 below. The summary provides an aggregate value for quantitative indicators used in a critical mass of the 123 projects considered. The indicators are aligned with the results framework that was introduced in the GEF Programming Strategy on Adaptation for the period from July 1, 2014 to June 30, 2018 (GEF/LDCF.SCCF.16/03) and refined in the updated results-based management framework for adaptation to climate change (document GEF/LDCF.SCCF.17/05). Full expected results are found in the results frameworks specific to each project, available in the project documents posted on the GEF website<sup>9</sup>. In response to the request made at the 14<sup>th</sup> meeting of the LDCF/SCCF Council in June 2013, the Secretariat, in its Annual Monitoring Reviews of the LDCF and the SCCF, will continue to provide a summary of actual, portfolio-level results of projects that have been completed or that are under implementation.

16. In total, 104 out of 123 projects endorsed or approved by the GEF CEO provided an estimate of the number of direct beneficiaries. These projects, with LDCF resources amounting to \$556.12 million, seek to directly reduce the vulnerability of more than 13 million people. Importantly given the mandate of the LDCF to support the preparation of the NAP process in

<sup>8</sup> Excludes 53 projects in support towards NAPA preparation.

<sup>9</sup> Project documents may be found on [https://www.thegef.org/gef/gef\\_projects\\_funding](https://www.thegef.org/gef/gef_projects_funding).

LDCs, 62 LDCF projects are already supporting 39 countries in their efforts to integrate climate change adaptation into 160 national development policies, plans and frameworks. The LDCF also assists countries in laying the groundwork for climate-resilient development through 60 projects that will enable 37 countries to strengthen their national hydro-meteorological and climate information services.

**Table 3: Expected results for LDCF projects approved or endorsed by the GEF CEO, September 22, 2015**

Indicator	Value	Number of projects in sample	Number of countries	Total LDCF amount (US\$)
<i>Objective 1: Reduce the vulnerability of people, livelihoods, physical assets and natural systems to the adverse effects of climate change</i>				
No. of direct beneficiaries	13,256,375	104	46	556,118,573
Ha. of land better managed to withstand the effects of climate change <sup>10</sup>	2,062,676	57	36	310,312,828
<i>Objective 2: Strengthen institutional and technical capacities for effective climate change adaptation</i>				
No. of projects that contribute towards public awareness of climate change impacts, vulnerability and adaptation	117		46	603,543,356
No. of risk and vulnerability assessments, and other relevant scientific and technical assessments carried out and updated	86	24	25	114,838,909
No. of projects that expand access to improved climate information services	64		38	331,133,190
No. of projects that expand access to improved, climate-related early-warning information	45		34	230,653,012
No. of people trained to identify, prioritize, implement, monitor and/or evaluate adaptation strategies and measures	596,773	81	41	451,490,265
No. of regional, national and sub-national institutions with strengthened capacities to identify, prioritize, implement, monitor and evaluate adaptation strategies and measures	292	64	41	322,304,270
<i>Objective 3: Integrate climate change adaptation into relevant policies, plans and associated processes</i>				

<sup>10</sup> Given the important share of projects that target agriculture and food systems as a priority sector, this figure includes to a large degree production systems; but it also encompasses other vulnerable land, such as catchments and coastal zones.

No. of regional, national and sector-wide policies, plans and processes developed and strengthened to identify, prioritize and integrate adaptation strategies and measures	160	62	39	297,670,890
No. of sub-national plans and processes developed and strengthened to identify, prioritize and integrate adaptation strategies and measures	1,378	67	38	345,844,468

17. During the reporting period, six LDCF projects were endorsed or approved by the GEF CEO and thus became ready to enter implementation (see Table 4 below). Three examples illustrate in greater detail the expected adaptation benefits sought.

18. The project *Catalyzing ecosystem restoration for resilient natural capital and rural livelihoods in degraded forests and rangelands of Nepal* (GEF ID: 5203) aims to enhance the capacity of national and local authorities to adapt to climate change through ecosystem-based adaptation measures in degraded forests and rangelands. The project has three main components that seek to (i) strengthen the technical and institutional capacities of key government agencies and local user groups, including through targeted training for at least 150 people; (ii) strengthen relevant policies and plans for forestry, agriculture and water resources management to incorporate climate change risks and appropriate adaptation strategies; and (iii) the restore at least 1,000 ha of forests and 450 ha of rangelands, and the deploy community-level water conservation and water harvesting structures.

**Box 1: Mozambique: Strengthening Capacities of Agricultural Producers to Cope with Climate Change for Increased Food Security through the Farmers Field School Approach**

The project *Strengthening Capacities of Agricultural Producers to Cope with Climate Change for Increased Food Security through the Farmers Field School Approach* (GEF ID: 5433) aims to enhance the capacity of Mozambique’s agricultural and pastoral sectors to cope with the effects of climate change by scaling up the transfer and adoption of appropriate adaptation technologies through an established network of farmer field schools, and by mainstreaming relevant data and information on climate change risks and adaptation measures into agricultural development policies, plans and programs.

While Mozambique’s economy continues to grow rapidly, the country remains among the poorest in the world, with very high rates of food insecurity and chronic malnutrition among children. Agricultural production remains focused on very small farms, with limited access to agricultural inputs and, as a result, low levels of productivity. Since 1960, Mozambique has experienced more frequent events of heavy rainfall, while dry seasons have grown longer. Although the threats and opportunities presented by climate change vary across the vast and geographically diverse country, smallholder farmers will be the least able to adapt to future changes. The project *Strengthening Capacities of Agricultural Producers to Cope with Climate*

*Change for Increased Food Security through the Farmers Field School Approach* seeks to address these vulnerabilities across different production systems, building on and strengthening baseline investments in agricultural development and food security, financed and implemented by FAO, IFAD, the EU and the National Government through the Ministry of Agriculture. Total confirmed co-financing associated with these investments amounts to \$27.34 million.

The project is structured around three principal components, seeking to (i) incorporate improved, climate-resilient agricultural practices in the framework of the Strategic Plan for the Agricultural Sector (PEDSA) and its investment plan (PNISA); (ii) increase the resilience of at least three different agricultural production systems through the adoption of climate change adaptation strategies and practices, and a broader choice of genetic material; and (iii) enhance the sustained capacity of extension services to promote the dissemination and adoption of adaptation technology. The project introduces concrete technologies, practices and approaches to increase the resilience of at least three different agricultural production systems through a network of 3,200 farmer field schools to reach a total of 45,000 direct beneficiaries.

19. In Zambia, the project *Promoting Climate Resilient Community-based Regeneration of Indigenous Forests in Zambia's Central Province* (GEF ID: 5435) seeks to increase the rate of forest regeneration and promote climate-resilient natural resources management practices among forest-dependent communities. The project is structured around three components, aiming to (i) pilot community-based, climate-resilient agro-forestry and assisted natural regeneration techniques over at least 15,000 ha with direct benefits to more than 3,000 households; (ii) promote integrated, climate-resilient fire management with a view to reducing the frequency of fires by 25 per cent; and (iii) increase the knowledge about and uptake of appropriate supply-side, biomass energy production technologies to enable at least 170 community members to adopt more sustainable practices.

**Table 4: LDCF projects endorsed or approved by the GEF CEO April to September 2015**

Country	Title	GEF Agency	Total LDCF amount (\$)	Confirmed co-financing (\$)
Nepal	Catalyzing ecosystem restoration for resilient natural capital and rural livelihoods in degraded forests and rangelands of Nepal	UNEP	5,854,390	11,139,000
Congo DR	Resilience of Muanda's communities from coastal erosion	UNDP	5,973,225	11,500,000
Mozambique	Strengthening Capacities of Agricultural Producers to Cope with Climate Change for Increased	FAO	10,074,000	27,344,657

	Food Security through the Farmers Field School Approach			
Zambia	Promoting Climate Resilient Community-based Regeneration of Indigenous Forests in Zambia's Central Province	UNDP	4,363,575	29,030,090
Senegal	Strengthening land & ecosystem management under conditions of climate change in the Niayes and Casamance regions	UNDP	4,653,750	13,200,000
Central African Republic	Reducing Rural and Urban Vulnerability to Climate Change by the Provision of Water Supply	AfDB	8,037,300	21,469,000
<b>Total</b>			<b>38,956,240</b>	<b>113,682,747</b>

**SPECIAL CLIMATE CHANGE FUND**

**Pledges and contributions to the SCCF and further financing needs**

20. As at August 31, 2015, cumulative pledges to the SCCF amounted to \$349.08 million. No new pledges were announced during the reporting period (see Figure 6 below). Of the total resources pledged, \$344.08 million or 99 per cent had been paid, which corresponds to an increase of \$3.33 million or one per cent during the reporting period. Resources had been provided by 15 contributing participants. For further details, please refer to document GEF/LDCF.SCCF.19/Inf.03, *Status Report on the Special Climate Change Fund*.

21. The cumulative pledges and contributions to the SCCF continue to fall far short of the demand for resources. The LDCF/SCCF Council, at its 16<sup>th</sup> meeting on May 27, 2014, endorsed the GEF Programming Strategy on Adaptation to Climate Change for the LDCF and the SCCF (GEF/LDCF.SCCF.16/03). The Strategy provides an assessment of financing needs and presents illustrative financing scenarios for the SCCF along with associated, expected results for the period from July 1, 2014 to June 30, 2018. As at August 31, 2015, with \$4.98 million in pledges announced since July 1, 2014, the GEF was not able to program SCCF resources at the level proposed in these scenarios: \$100-\$125 million per year or \$400-\$500 million over the four-year period.

22. During the reporting period, the funds available in the SCCF could support the inclusion of only one project into the October 2015 Work Program (GEF/LDCF.SCCF.19/04).

**Figure 6: Total annual and cumulative pledges to the SCCF by fiscal year (million USD eq.)**

## Progress in SCCF operations

23. As at September 22, 2015, 79 countries had accessed a total of \$345.03 million for 76 projects under the SCCF (see Table 5 below). This represents an increase of \$15.80 million or five per cent during the reporting period (see Figure 7 below). Of the total resources approved, \$284.35 million were for 65 projects under the SCCF Adaptation Program (SCCF-A), while 12 projects had been approved under the SCCF Program for Technology Transfer (SCCF-B), with total grant resources amounting to \$60.68 million. One project accessed resources under SCCF-A as well as SCCF-B. For a complete list of approved projects under SCCF-A and SCCF-B, please refer to Annex II.

**Figure 7: Total annual and cumulative resources approved under the SCCF by fiscal year (\$m)**

Zimbabwe	2	5.56

24. During the reporting period the LDCF/SCCF Council approved three FSPs with SCCF resources amounting to \$15.80 million. Since April 2015, three additional projects have received CEO Endorsement, with associated SCCF commitments amounting to \$16.27 million. In total, 60 projects had been endorsed or approved by the GEF CEO as at September 22, 2015.

### Regional distribution of SCCF financing

25. As at September 22, 2015, the largest share of SCCF financing had been directed towards Africa, Asia as well as Latin America and the Caribbean, with 27, 26 and 25 per cent of total funding approvals, respectively. Europe and Central Asia followed with 14 per cent of approvals. (see Figure 8 below) At the end of the reporting period, 27 SIDS had accessed \$47.70 million from the SCCF, or some 14 per cent of total approvals. The funding amounts exclude, however, global projects from which several SIDS also benefit.

**Figure 8: SCCF financing by region (\$m), September 22, 2015**

### Distribution of SCCF financing by sector

26. At the end of the reporting period, the largest share of SCCF financing had been directed towards agriculture as well as enhancing the resilience of water resources management, with 25 per cent and 22 per cent of approved resources, respectively. Coastal zone management, disaster risk management as well as measures to enhance the resilience of other infrastructure assets, including energy and transportation, are other priority areas for SCCF financing, with 10-12 per cent of the resources approved towards each as at September 22, 2015. Eight per cent of the SCCF resources approved support entirely cross-cutting projects, primarily under the Program for Technology Transfer. (see Figure 9 below)

**Figure 9: SCCF financing by sector, September 22, 2015**

**Agency involvement in SCCF operations**

27. As at September 22, 2015, ten GEF Agencies were involved in SCCF operations, with the World Bank holding the largest share of the portfolio at 27 per cent of total funds approved, followed by UNDP at 24 per cent. (see Figure 10 below)

**Figure 10: Distribution of SCCF financing by GEF Agency (\$m), September 22, 2015**

### Expected results under the SCCF

28. At the end of the reporting period, 60 SCCF projects had been endorsed or approved by the GEF CEO and were under some stage of implementation or ready to enter implementation. For these projects, key expected results are summarized in Table 6 below. The summary provides an aggregate value for quantitative indicators used in a critical mass of the 60 projects considered. The indicators are aligned with the results framework that was introduced in the GEF Programming Strategy on Adaptation for the period from July 1, 2014 to June 30, 2018 (GEF/LDCF.SCCF.16/03) and refined in the updated results-based management framework for adaptation to climate change (document GEF/LDCF.SCCF.17/05). Full expected results are found in the results frameworks specific to each project, available in the project documents posted on the GEF website<sup>13</sup>. In response to the request made at the 14<sup>th</sup> meeting of the LDCF/SCCF Council in June 2013, the Secretariat, in its Annual Monitoring Reviews of the LDCF and the SCCF, will continue to provide a summary of actual, portfolio-level results of projects that have been completed or that are under implementation.

In total, 39 out of 60 projects provided an estimated number of direct beneficiaries. These projects, with SCCF resources amounting to \$169.12 million, aim to directly reduce the vulnerability of more than 4 million people. In addition, 24 SCCF projects are already supporting 37 countries in their efforts to integrate climate change adaptation into 110 national development policies, plans and frameworks.

<sup>13</sup> Project documents may be found on [https://www.thegef.org/gef/gef\\_projects\\_funding](https://www.thegef.org/gef/gef_projects_funding).

**Table 6: Expected results for SCCF projects approved or endorsed by the GEF CEO, September 22, 2015**

Indicator	Value	Number of projects in sample	Number of countries	Total SCCF amount (US\$)
<i>Objective 1: Reduce the vulnerability of people, livelihoods, physical assets and natural systems to the adverse effects of climate change</i>				
No. of direct beneficiaries	4,130,000	39	47	169,116,722
Ha. of land better managed to withstand the effects of climate change <sup>14</sup>	2,730,000	23	25	105,533,570
<i>Objective 2: Strengthen institutional and technical capacities for effective climate change adaptation</i>				
No. of projects that contribute towards public awareness of climate change impacts, vulnerability and adaptation	40		51	172,558,212
No. of risk and vulnerability assessments, and other relevant scientific and technical assessments carried out and updated	48	20	34	100,851,689
No. of projects that expand access to improved climate information services	28		32	125,803,789
No. of projects that expand access to improved, climate-related early-warning information	12		17	46,471,349
No. of people trained to identify, prioritize, implement, monitor and/or evaluate adaptation strategies and measures	90,000	35	46	152,078,542
No. of regional, national and sub-national institutions with strengthened capacities to identify, prioritize, implement, monitor and evaluate adaptation strategies and measures	192	24	24	93,024,155
<i>Objective 3: Integrate climate change adaptation into relevant policies, plans and associated processes</i>				
No. of regional, national and sector-wide policies, plans and processes developed and strengthened to identify, prioritize and integrate adaptation strategies and measures	110	24	37	101,393,217

<sup>14</sup> Given the important share of projects that target agriculture and food systems as a priority sector, this figure includes to a large degree production systems; but it also encompasses other vulnerable land, such as catchments and coastal zones.

No. of sub-national plans and processes developed and strengthened to identify, prioritize and integrate adaptation strategies and measures	219	19	37	93,755,893
---	-----	----	----	------------

29. During the reporting period, three FSPs were endorsed by the GEF CEO and thus became ready to enter implementation (see Table 7 below). The expected results of these projects are illustrated in greater detail below.

30. In Ecuador, the multi-trust fund project *Promotion of Climate-smart Livestock Management Integrating Reversion of Land Degradation and Reduction of Desertification Risks in Vulnerable Provinces* (GEF ID: 4775) represents an innovative effort to harness the synergies between sustainable land management, climate change mitigation, and climate change adaptation in the context of livestock development. The SCCF grant will contribute specifically towards the development of climate-smart livestock management and its integration across existing land-use and development plans; as well as the transfer of relevant adaptation technologies and practices, particularly drought and flood-tolerant grass species, rotational grassland management systems, and efficient use of rainwater. The project interventions will cover a total of 30,000 ha, and result in indirect climate change mitigation benefits of more than 3 MtCO<sub>2</sub>eq. More than 1,000 small-scale livestock producers will benefit directly from the project, at least half of whom will be women.

### **Box 2: Integrated Management and Innovation in Rural Settlements**

The project *Integrated Management and Innovation in Rural Settlements* (GEF ID: 6927) aims to increase food security and incomes for poor rural women and men through climate resilient agriculture, specifically by enhancing farmland productivity and promoting income diversification in reclaimed lands.

Egypt is highly dependent on agriculture, which contributes 15 per cent of GDP and directly employs 32 per cent of the workforce. With the Nile as the dominant source of water for agricultural production in Egypt, climate change is already having adverse impacts on key crops and future trends suggest a further decrease in wheat and maize yields.

The project has three main components that seek to (i) put in place an enabling policy environment for planning and implementing climate-resilient agriculture, including through policy revisions and targeted training to five key government agencies; (ii) deploy optimized irrigation management practices and technology over some 3,000 ha with direct benefits to some 24,000 households; and (iii) climate-proof crop value chains and diversify local livelihoods, including through training for 24,000 farmers in climate-resilient agricultural

production and processing practices, and providing grants to enable 100 cooperatives to undertake small-scale investments in adaptation.

31. The regional *Pacific Resilience Program* (GEF ID: 5814) aims to strengthen early warning, resilient investments and financial protection in four participating countries: Marshall Islands, Samoa, Tonga and Vanuatu. The proposed SCCF grant; which will complement multiple sources of funding as part of a blended approach; will focus on Tonga, where it supports (i) concrete investments in early warning and preparedness, including strengthened institutional and regulatory systems and capacity, modernized observation infrastructure, data management systems, forecasting and warning systems, and an enhanced multi-hazard early warning system; as well as (ii) investments and technical assistance to mainstream adaptation and support a multi-sectoral planning process for integrating climate and disaster risk and resilience into development. At the regional level, the SCCF grant will also support (iii) a disaster risk financing component that will enable participating countries to secure access to immediate liquidity post disasters. The project will directly reduce the vulnerability of 60,000 people that are most at risk in the face of climate change and other natural hazards, of whom at least 40 per cent are women.

**Table 7: SCCF projects endorsed or approved by the GEF CEO April to September 2015**

Country	Title	GEF Agency	Total SCCF amount (\$)	Confirmed co-financing (\$)
Ecuador	Promotion of Climate-smart Livestock Management Integrating Reversion of Land Degradation and Reduction of Desertification Risks in Vulnerable Provinces	FAO	1,642,500	2,912,822
Regional	Pacific Resilience Program	World Bank	6,000,000	40,217,000
Egypt	Integrated Management and Innovation in Rural Settlements	IFAD	8,624,143	38,132,600
<b>Total</b>			<b>16,266,643</b>	<b>81,262,422</b>

## **MULTI-TRUST FUND PROJECTS AND PROGRAMMATIC APPROACHES UNDER THE LDCF AND THE SCCF**

32. As at September 22, 2015, the LDCF/SCCF Council had approved 13 full-sized projects and five programmatic approaches that draw resources from multiple trust funds. These projects and programs request a total of \$66.00 million from the LDCF and \$38.82 million from the SCCF. For a complete list of approved MTF projects and programs, please refer to Annex III.

**ANNEX I: APPROVED PROJECTS AND PROGRAMS UNDER THE LDCF AS AT SEPTEMBER 22, 2015<sup>15</sup>**

\* Projects approved by the LDCF/SCCF Council during the reporting period.

\*\* Projects endorsed or approved by the GEF CEO during the reporting period.

GEF ID	Country	Title	GEF Agency	Status	Total LDCF amount (grant + fees) (\$)	Co-financing (\$)
3219	Bhutan	Reducing Climate Change-induced Risks and Vulnerabilities from Glacial Lake Outburst Floods in the Punakha-Wangdi and Chamkhar Valleys	UNDP	Project Closure	3,987,555	4,286,224
3287	Bangladesh	Community-based Adaptation to Climate Change through Coastal Afforestation in Bangladesh	UNDP	Under Implementation	3,740,000	7,150,000

5002	Benin	Strengthening climate information and early warning systems in Western and Central Africa for climate resilient development and adaptation to climate change – Benin	UNDP	CEO Endorsed	4,510,000	14,963,724
5003	Burkina Faso	Strengthening climate information and early warning systems in Western and Central Africa for climate resilient development and adaptation to climate change – Burkina Faso	UNDP	CEO Endorsed	4,510,000	61,698,149
5004	Sao Tome and Principe	Strengthening climate information and early warning systems in Western and Central Africa for climate resilient development and adaptation to climate change – São Tomé and Príncipe	UNDP	CEO Endorsed	4,510,000	40,741,249
5006	Sierra Leone	Strengthening climate information and early warning systems in Western and Central Africa for climate resilient development and adaptation to climate change – Sierra Leone	UNDP	CEO Endorsed	4,510,000	20,807,034
5014	Burkina Faso	Integrating Climate Resilience into Agricultural and Pastoral Production for Food Security in Vulnerable Rural Areas Through the Farmers Field School Approach.	FAO	CEO Endorsed	4,300,500	19,535,000
5015	Malawi	Implementing urgent adaptation priorities through strengthened decentralized and national development plans	UNDP	CEO Endorsed	5,060,000	7,090,841
5021	Djibouti	Implementing adaptation technologies in fragile	UNEP	CEO Endorsed	8,182,350	14,264,000

		ecosystems of Djibouti's Central Plains				
5037	Regional	Climate Proofing Development in the Pacific	ADB	Council Approved	15,012,000	51,220,000
5049	Vanuatu	Adaptation to Climate Change in the Coastal Zone in Vanuatu	UNDP	CEO Endorsed	9,108,000	31,397,253
5056	Timor Leste	Strengthening Community Resilience to Climate Induced Natural Disasters in the Dili to Ainaro Road Development Corridor, Timor Leste	UNDP	CEO Endorsed	5,880,150	37,656,780
5071	Gambia	Strengthening climate services and early warning systems in the Gambia for climate resilient development and adaptation to climate change – 2nd Phase of the GOTG/GEF/UNEP LDCF NAPA Early Warning Project	UNDP, UNEP	CEO Endorsed	8,910,000	21,632,000
5075	Lesotho	Reducing Vulnerability from Climate Change in the Foothills, Lowlands and the Lower Senqu River Basin	UNDP	CEO Endorsed	9,195,998	27,600,000
5111	Nepal	Reducing Vulnerability and Increasing Adaptive Capacity to Respond to Impacts of Climate Change and Variability for Sustainable Livelihoods in Agriculture Sector in Nepal	FAO	CEO Endorsed	2,999,750	12,990,000
5113	Regional	Enhancing Climate Change Resilience in the Benguela Current Fisheries System	FAO	CEO Endorsed	1,891,900	6,846,973
5124	Lesotho	Strengthening Capacity for Climate Change Adaptation through Support to Integrated Watershed Management Programme in Lesotho	FAO	CEO Endorsed	3,999,700	8,437,000

5133	Regional	Senegal River Basin Climate Change Resilience Development Project	World Bank	CEO Endorsed	13,080,000	49,600,000
5174	Yemen	Rural Adaptation in Yemen	IFAD	Council Approved	11,037,600	55,146,200
5177	Angola	Promoting climate-resilient development and enhanced adaptive capacity to withstand disaster risks in Angolan's Cuvelai River Basin	UNDP	CEO Endorsed	9,143,250	46,865,004
5184	Sao Tome and Principe	Enhancing capacities of rural communities to pursue climate resilient livelihood options in the Sao Tome and Principe districts of Caué, Me-Zochi, Principe, Lemba, Cantagalo, and Lobata (CMPLCL)	UNDP	CEO Endorsed	4,462,125	16,361,281
5190	Mauritania	Improving climate resilience of water sector investments with appropriate climate adaptive activities for pastoral and forestry resources in southern Mauritania	AfDB	CEO Endorsed	7,258,750	14,814,000
5192	Mali	Strengthening the resilience of women producer group's and vulnerable communities in Mali	UNDP	CEO Endorsed	6,116,000	16,600,000
5194	Rwanda	Building resilience of communities living in degraded forests, savannahs and wetlands of Rwanda through an ecosystem management approach.	UNEP	PPG Approved	6,132,000	10,844,000
5202	Afghanistan	Strengthening the resilience of rural livelihood options for Afghan communities in Panjshir, Balkh, Uruzgan and Herat Provinces to manage climate change-induced disaster risks	UNDP	CEO Endorsed	9,964,500	103,100,000

5203**	Nepal	Catalyzing ecosystem restoration for resilient natural capital and rural livelihoods in degraded forests and rangelands of Nepal.	UNEP	CEO Endorsed	5,854,390	11,139,000
5204	Uganda	Building resilience to climate change in the water and sanitation sector	AfDB	CEO Endorsed	9,438,900	38,250,000
5209	Sierra Leone	Building resilience to climate change in the water and sanitation sector	AfDB	Council Approved	4,599,000	28,965,000
5211	Yemen	Integrated Water Harvesting Technologies to Adapt to Climate Change Induced Water Shortage	UNDP	Council Approved	5,496,900	19,721,596
5226	Congo DR	Building the resilience and ability to adapt of women and children to changing climate in Democratic Republic of Congo	UNDP	CEO Endorsed	5,283,375	15,600,000
5228	Regional	Rural livelihoods' adaptation to climate change in the Horn of Africa (RLACC)	AfDB	PPG Approved	5,700,000	42,730,034
5230	Angola	Addressing Urgent Coastal Adaptation Needs and Capacity Gaps in Angola	UNDP, UNEP	Council Approved	6,931,350	11,520,000
5231	Angola	Integrating Climate Change into Environment and Sustainable Land Management Practices	AfDB	Council Approved	5,000,000	19,995,000
5232	Benin	Flood Control and Climate resilience of agriculture infrastructures in Oueme Valley	AfDB	CEO Endorsed	8,157,750	67,904,000
5233	Madagascar	Enabling climate resilience in the agriculture sector in the southwest region of Madagascar	AfDB	CEO Endorsed	7,009,199	37,434,000
5279	Togo	Strengthening climate resilience of	AfDB	Council Approved	10,000,000	90,000,000

		infrastructure in coastal areas in Togo				
5280**	Congo DR	Resilience of Muanda's communities from coastal erosion, Democratic Republic of Congo	UNDP	CEO Endorsed	5,973,225	11,500,000
5318	Cambodia	Strengthening climate information and early warning systems in Cambodia to support climate resilient development and adaptation to climate change	UNDP	CEO Endorsed	5,541,012	21,884,540
5320	Global	Assisting Least Developed Countries (LDCs) with country-driven processes to advance National Adaptation Plans (NAPS)	UNDP, UNEP	Under Implementation	2,187,810	8,400,000
5328	Malawi	Building climate change resilience in the fisheries sector in Malawi	FAO	Council Approved	6,110,100	4,480,000
5332	Djibouti	Supporting Rural Community Adaptation to Climate Change in Mountain Regions of Djibouti	UNDP	CEO Endorsed	6,000,000	28,630,000
5376	Chad	Enhancing the resilience of the agricultural ecosystems (Projet d'amélioration de la résilience des systèmes agricoles au Tchad) - PARSAT	IFAD	CEO Endorsed	8,000,000	24,500,000
5380	Haiti	Increasing resilience of ecosystems and vulnerable communities to CC and anthropic threats through a ridge to reef approach to BD conservation and watershed management	UNDP	CEO Endorsed	6,000,000	25,446,145
5382	Guinea	Ecosystem-Based Adaptation targeting vulnerable	UNDP	Council Approved	8,979,000	27,600,000

		communities of the Upper Guinea Region				
5394	Zambia	Climate Resilient Livestock Management Project	AfDB	Council Approved	7,000,001	20,832,000
5395	Regional	Pacific Islands Ridge-to-Reef National Priorities – Integrated Water, Land, Forest and Coastal Management to Preserve Biodiversity, Ecosystem Services, Store Carbon, Improve Climate Resilience and Sustain Livelihoods	FAO, UNDP, UNEP	Council Approved	13,650,000	90,000,000
5414	Kiribati	Enhancing national food security in the context of global climate change	UNDP	CEO Endorsed	5,000,000	7,140,000
5419	Cambodia	Strengthening the resilience of Cambodian rural livelihoods and sub-national government system to climate risks and variability	UNDP	CEO Endorsed	5,165,663	15,860,000
5431	Benin	Strengthening the resilience of the energy sector in Benin to the impacts of climate change	UNDP	Council Approved	8,979,000	30,000,000
5432	Angola	Integrating Climate Resilience into Agricultural and Agropastoral Production Systems through Soil Fertility Management in Key Productive and Vulnerable Areas Using the Farmers Field School Approach	FAO	Council Approved	7,465,909	25,325,000
5433**	Mozambique	Strengthening Capacities of Agricultural Producers to Cope with Climate Change for Increased Food Security through the Farmers Field School Approach	FAO	CEO Endorsed	10,074,000	27,344,657

5435**	Zambia	Promoting Climate Resilient Community-based Regeneration of Indigenous Forests in Zambia's Central Province	UNDP	CEO Endorsed	4,363,575	29,030,090
5436	Niger	Disaster Risk Management and Urban Development Project	World Bank	CEO Endorsed	7,500,000	100,000,000
5451	Congo DR	Strengthening Hydro-Meteorological and Climate Services	World Bank	Council Approved	6,000,000	30,000,000
5456	Bangladesh	Ecosystem-based Approaches to Adaptation (EbA) in the Drought-prone Barind Tract and Haor wetland Area	UNEP	Council Approved	5,803,500	17,000,000
5462	Lao PDR	Strengthening Agro-climatic Monitoring and Information Systems to Improve Adaptation to Climate Change and Food Security in Lao PDR	FAO	Council Approved	6,164,250	16,755,500
5489	Lao PDR	Climate Adaptation in Wetlands Areas (CAWA)	FAO	Council Approved	5,329,999	16,905,000
5495	Rwanda	Increasing the Capacity of Vulnerable Rwandan communities to adapt to adverse effects of Climate change: Livelihood diversification and investment in rural infrastructures	AfDB	Council Approved	9,882,100	45,386,000
5503	Senegal	Mainstreaming Ecosystem-based Approaches to Climate-resilient Rural Livelihoods in Vulnerable Rural Areas through the Farmer Field School Methodology	FAO	Council Approved	6,985,000	20,895,000
5504**	Central African Republic	Reducing Rural and Urban Vulnerability to Climate Change by the Provision of Water Supply	AfDB	CEO Endorsed	8,037,300	21,469,000

5531	Haiti	Ecosystem Approach to Haiti's Cote Sud	UNEP	Council Approved	3,524,628	10,915,000
5566**	Senegal	Strengthening land & ecosystem management under conditions of climate change in the Niayes and Casamance regions - Republic of Senegal	UNDP	CEO Endorsed	4,653,750	13,200,000
5567	Myanmar	Adapting Community Forestry landscapes and associated community livelihoods to a changing climate, in particular an increase in the frequency and intensity of extreme weather events	UNEP	Council Approved	5,570,813	19,211,000
5580	Mauritania	Development of an improved and innovative delivery system for climate resilient livelihoods in Mauritania	UNEP	Council Approved	5,584,500	11,900,000
5581	Solomon Islands	Community Resilience to Climate and Disaster Risk in Solomon Islands Project	World Bank	CEO Endorsed	7,993,500	7,330,000
5592	Somalia	Enhancing Climate Resilience of the Vulnerable Communities and Ecosystems in Somalia	UNDP	CEO Endorsed	8,979,000	64,820,000
5603	Uganda	Reducing Vulnerability of Banana Producing Communities to Climate Change Through Banana Value Added Activities - Enhancing Food Security And Employment Generation	UNIDO	Council Approved	3,182,800	7,737,533
5615	Global	Building capacity for LDCs to participate effectively in intergovernmental climate change processes	UNDP, UNEP	CEO Endorsed	4,544,250	15,232,380

5632	Madagascar	Enhancing the adaptation capacities and resilience to climate change in rural communities in Analamanga, Atsinanana, Androy, Anosy, and Atsimo Andrefana	UNDP	Council Approved	6,600,000	34,300,000
5636	Bangladesh	Community-based Climate Resilient Fisheries and Aquaculture Development in Bangladesh	FAO	Council Approved	6,050,000	15,200,000
5651	Sudan	Livestock and Rangeland Resilience Program	IFAD	CEO Endorsed	9,415,970	32,349,000
5664	Afghanistan	Building Resilience of Communities Living Around the Northern Pistachio Belt (NPB) and Eastern Forest Complex (EFC) of Afghanistan through an EbA approach	UNEP	Council Approved	7,665,000	7,000,000
5671	Timor Leste	Building Shoreline Resilience of Timor Leste to Protect Local Communities and their Livelihoods	UNDP	Council Approved	7,829,250	27,526,090
5694	Comoros	Building Climate Resilience through Rehabilitated Watersheds, Forests and Adaptive Livelihoods	UNEP	Council Approved	5,737,800	12,634,000
5695	Tanzania	Ecosystem-Based Adaptation for Rural Resilience	UNEP	Council Approved	8,400,000	21,550,000
5702	Myanmar	FishAdapt: Strengthening the Adaptive Capacity and Resilience of Fisheries and Aquaculture-dependent Livelihoods in Myanmar	FAO	Council Approved	6,734,250	12,385,000
5703	Sudan	Enhancing the resilience of communities living in climate change vulnerable areas of	UNEP	Council Approved	4,800,480	11,100,000

		Sudan using Ecosystem Based approaches to Adaptation (EbA)				
5710	Regional	Rural livelihoods' adaptation to climate change in the Horn of Africa -Phase II (RLACC II)	AfDB	Council Approved	18,433,000	30,000,000
5782	Gambia	Adapting Agriculture to Climate Change in the Gambia	FAO	Council Approved	7,050,000	21,794,528
5815	Regional	Building Climate Resilience of Urban Systems through Ecosystem-based Adaptation (EbA) in the Asia-Pacific region	UNEP	Council Approved	6,734,250	8,700,000
5855	Mali	Flood Hazard and Climate Risk Management to Secure Lives and Assets in Mali	UNDP	Council Approved	9,937,125	27,000,000
5868	Global	Expanding the Ongoing Support to Least Developed Countries (LDC) with Country-driven Processes to Advance National Adaptation Plans (NAPs)	UNDP, UNEP	Council Approved	6,953,250	8,400,000
6923	Eritrea	Mainstreaming climate risk considerations in food security and IWRM in Tsilima Plain	UNDP	Council Approved	10,014,975	27,500,000
<b>Total</b>					<b>919,311,884</b>	<b>3,750,077,499</b>

**ANNEX II: APPROVED PROJECTS AND PROGRAMS UNDER THE SCCF AS AT SEPTEMBER 22, 2015**

**Table 8: Approved projects and programs under the SCCF Adaptation Program (SCCF-A), September 22, 2015**

\* Projects approved by the LDCF/SCCF Council during the reporting period.

\*\* Projects endorsed or approved by the GEF CEO during the reporting period.

GEF ID	Country	Title	GEF Agency	Status	Total SCCF amount (grant + fees) (\$)	Co-financing (\$)
2553	Global	Piloting climate change adaptation to protect human health	UNDP	Under Implementation	5,466,654	16,588,559
2832	Tanzania	Incorporating Climate Change in integrated Water Resources Management in Pangani River Basin (Tanzania)	UNDP	Project Closure	1,090,000	1,574,875
2902	Regional	Adaptation to the Impact of rapid glacier retreat in the tropical Andes Project	World Bank	Project Closure	9,297,700	25,542,000
2931	Ecuador	Adaptation to Climate Change through Effective Water Governance in Ecuador	UNDP	Under Implementation	3,685,000	16,335,432
3101	Regional	Pacific Adaptation to Climate Change (PACC)	UNDP	Under Implementation	14,822,500	44,703,799
3103	Vietnam	Promoting Climate Resilient Infrastructure in Northern Mountain Provinces of Vietnam	ADB, UNDP	Under Implementation	3,850,000	145,270,000
3154	Ethiopia	Coping with Drought and Climate Change	UNDP	Project Closure	1,084,550	1,866,667
3155	Mozambique	Coping with Drought and Climate Change	UNDP	Project Closure	1,046,400	929,840
3156	Zimbabwe	Coping with Drought and Climate Change	UNDP	Project Closure	1,071,470	1,156,000
3159	Mexico	Adaptation to Climate Change Impacts on the Coastal Wetlands in the Gulf of Mexico	World Bank	Under Implementation	5,280,000	19,000,000

3218	Ghana	Integrating climate change into the management of priority health risks in Ghana	UNDP	Under Implementation	2,000,000	55,783,146
3227	Guyana	Conservancy Adaptation Project	World Bank	Project Closure	4,142,000	16,200,000
3242	Egypt	Adaptation to Climate Change in the Nile Delta through Integrated Coastal Zone Management	UNDP	Under Implementation	4,510,000	12,905,060
3243	Philippines	Philippine Climate Change Adaptation Project	World Bank	Under Implementation	5,782,700	50,580,000
3249	Kenya	Adaptation to Climate Change in Arid and Semi-Arid Lands (KACCAL)	UNDP, World Bank	Under Implementation	7,401,100	42,618,000
3265	China	Mainstreaming Climate Change Adaptation in Irrigated Agriculture Project	World Bank	Project Closure	5,847,600	51,000,000
3299	Thailand	Strengthening the Capacity of Vulnerable Coastal Communities to address the Risk of Climate Change and Extreme Weather Events	UNDP	Project Closure	1,000,000	2,744,772
3679	Global	Economic Analysis of Adaptation Options	UNEP	Project Closure	1,100,000	3,500,000
3695	Mongolia	Mongolia Livestock Adaptation Project (Project for Market and Pasture Management Development)	IFAD	Under Implementation	1,787,500	11,605,000
3934	South Africa	Reducing disaster risks from wildfire hazards associated with climate change in South Africa	UNDP	Under Implementation	3,999,996	31,140,100
3967	Morocco	Integrating Climate Change in the Implementation of the Plan Maroc Vert	World Bank	Under Implementation	4,779,999	26,950,000
4255	Swaziland	Adapting national and transboundary water resource management in Swaziland to	UNDP	Under Implementation	1,893,750	5,876,400

		manage the expected impacts of climate change.				
4261	Azerbaijan	Integrating Climate Change Risks into Water and Flood Management by Vulnerable Mountainous Communities in the Greater Caucasus Region	UNDP	Under Implementation	3,080,000	7,360,000
4340	Indonesia	Strategic Planning and Action to Strengthen climate Resilience of rural Communities in Nusa Tenggara Timor province (SPARC)	UNDP	Under Implementation	5,599,000	74,764,690
4366	Moldova	Climate Resilience through Conservation Agriculture	IFAD	CEO Endorsed	4,807,000	24,071,900
4368	Ghana	Promoting a Value Chain Approach to Climate Change Adaptation in Agriculture	IFAD	Under Implementation	2,860,000	9,105,390
4422	Tajikistan	Increasing Climate Resilience through Drinking Water Rehabilitation in North Tajikistan	EBRD	Under Implementation	3,219,774	23,896,400
4492	Nicaragua	Adaptation of Nicaragua's Water Supplies to Climate Change	World Bank	Under Implementation	6,600,000	31,250,000
4511	Regional	Sahel and West Africa WB/GEF Program in support of the Great Green Wall Initiative	World Bank	Council Approved	5,000,000	293,930,000
4512	Regional	Pilot Asia-Pacific Climate Technology Network and Finance Center	ADB, UNEP	Under Implementation	2,000,000	15,000,000
4515	Regional	Southeast Europe and Caucasus Catastrophe Risk Insurance Facility	World Bank	Under Implementation	6,050,000	21,500,000
4536	India	Climate Resilient Coastal Protection and Management	ADB	CEO Endorsed	2,000,000	54,334,000

4609	Sri Lanka	Strengthening the Resilience of Post Conflict Recovery and Development to Climate Change Risks in Sri Lanka	UNDP	CEO Endorsed	3,499,999	57,155,000
4610	Colombia	Adaptation to Climate Impacts in Water Regulation and Supply for the Area of Chingaza–Sumapaz–Guerrero	IADB	CEO Endorsed	4,637,325	23,709,000
4616	El Salvador	Climate Change Adaptation to Reduce Land Degradation in Fragile Micro-Watersheds Located in the Municipalities of Texistepeque and Candelaria de la Frontera	FAO	CEO Endorsed	1,135,000	3,835,545
4620	Regional	MENA - Desert Ecosystems and Livelihoods Program (MENA-DELP)	World Bank	Council Approved	3,000,000	11,500,000
4649	Regional	Greater Mekong Subregion Forests and Biodiversity Program (GMS-FBP)	ADB	Council Approved	500,000	7,000,000
4657	Honduras	Competitiveness and Sustainable Rural Development Project in the Northern Zone	IFAD	CEO Endorsed	3,412,751	19,085,580
4775**	Ecuador	Promotion of Climate-smart Livestock Management Integrating Reversion of Land Degradation and Reduction of Desertification Risks in Vulnerable Provinces	FAO	CEO Endorsed	1,642,500	2,912,822
4901	India	Sustainable Livelihoods and Adaptation to Climate Change (SLACC)	World Bank	CEO Endorsed	8,800,000	52,200,000
4960	Zimbabwe	Scaling up adaptation in Zimbabwe, with a focus on rural livelihoods, by strengthening integrated planning systems.	UNDP	CEO Endorsed	4,487,500	12,827,000

4967	Philippines	Scaling up Risk Transfer Mechanisms for Climate Vulnerable Farming Communities in Southern Philippines	UNDP	CEO Endorsed	1,210,000	16,250,000
5105	Tunisia	Addressing climate change vulnerabilities and risks in vulnerable coastal areas of Tunisia	UNDP	CEO Endorsed	6,160,000	74,048,000
5113	Regional	Enhancing Climate Change Resilience in the Benguela Current Fisheries System	FAO	CEO Endorsed	3,431,525	12,419,027
5115	Kyrgyz Republic	Promoting Climate Resiliency of Water Supplies in Kyrgyzstan	EBRD	CEO Endorsed	5,500,000	35,220,000
5125	Lebanon	Sustainable Agricultural Livelihoods in Marginal Areas (SALMA)	FAO	Council Approved	7,862,398	26,100,000
5147	Georgia	Enhancing Resilience of Agricultural Sector in Georgia (ERASIG)	IFAD	CEO Endorsed	5,928,550	27,620,000
5228	Regional	Rural livelihoods' adaptation to climate change in the Horn of Africa (RLACC)	AfDB	PPG Approved	2,892,000	21,556,633
5343	Namibia	Scaling up community resilience to climate variability and climate change in Northern Namibia, with a special focus on women and children	UNDP	CEO Endorsed	3,504,000	20,017,263
5386	Albania	Building the resilience of Kune-Vaini Lagoon through ecosystem based adaptation (EbA)	UNEP	CEO Approved	2,193,285	11,528,872
5523	Antigua and Barbuda	Building climate resilience through innovative financing mechanisms for climate change adaptation	UNEP	Council Approved	5,584,500	6,290,000
5667	Regional	Climate Change Adaptation in the Eastern Caribbean Fisheries Sector	FAO	Council Approved	6,142,950	34,850,000

5681	Regional	Building Climate Resilience of Urban Systems through Ecosystem-based Adaptation (EbA) in Latin America and the Caribbean	UNEP	Council Approved	6,734,250	21,910,000
5683	Global	Assisting non-LDC Developing Countries with Country-driven Processes to Advance National Adaptation Plans (NAPs)	UNDP, UNEP	CEO Endorsed	5,091,750	41,800,000
5685	Morocco	Increasing Productivity and Adaptive Capacities in Mountain Areas of Morocco (IPAC-MAM)	IFAD	CEO Endorsed	7,198,450	28,000,000
5687	Belize	Energy Resilience for Climate Adaptation	World Bank	Council Approved	3,285,000	1,800,000
5723	Regional	West Balkans Drina River Basin Management Project	World Bank	Council Approved	5,000,000	99,700,000
5814**	Regional	Pacific Resilience Program	World Bank	CEO Endorsed	6,000,000	40,217,000
6924	Vietnam	Promoting Climate Resilience in Viet Nam Cities	ADB	Council Approved	5,150,000	124,000,000
6927**	Egypt	Integrated Management and Innovation in Rural Settlements	IFAD	CEO Endorsed	8,624,143	38,132,600
6945	Costa Rica	Strengthening Capacities of Rural Aqueduct Associations' (ASADAS) to Address Climate Change Risks in Water Stressed Communities of Northern Costa Rica	UNDP	Council Approved	5,639,250	26,850,000
6951	Morocco	Enhancing the climate resilience of the Moroccan ports sector	EBRD	Council Approved	7,000,000	48,900,000
6955	Chile	Strengthening the Adaptive Capacity to Climate Change in the Fisheries and Aquaculture Sector	FAO	Council Approved	2,847,000	15,600,000

6960	Turkmenistan	Supporting Climate Resilient Livelihoods in Agricultural Communities in Drought-prone Areas	UNDP	Council Approved	3,500,000	20,000,000
9107*	Sri Lanka	Resilient and Integrated Urban Development for Greater Colombo	ADB	Council Approved	4,600,000	128,000,000
<b>Total</b>					<b>284,348,819</b>	<b>2,250,116,372</b>

**Table 9: Approved projects and programs under the SCCF Program for Technology Transfer (SCCF-B), September 22, 2015**

\* Projects approved by the LDCF/SCCF Council during the reporting period.

\*\* Projects endorsed or approved by the GEF CEO during the reporting period.

GEF ID	Country	Title	GEF Agency	Status	Total SCCF amount (grant + fees) (\$)	Co-financing (\$)
3907	Global	Technology Needs Assessments	UNEP	Project Closure	9,000,000	2,855,000
4036	Jordan	dRHS Irrigation Technology Pilot Project to face Climate Change impact in Jordan	IFAD	CEO Endorsed	2,365,020	5,716,000
4880	Regional	Climate technology transfer mechanisms and networks in Latin America and the Caribbean	IADB	CEO Endorsed	1,998,150	6,650,000
4904	Regional	Pilot African Climate Technology Finance Center and Network	AfDB	CEO Endorsed	5,775,000	27,200,000
4934	Global	Enhancing Capacity, Knowledge and Technology Support to Build Climate Resilience of Vulnerable Developing Countries	UNEP	Under Implementation	5,500,000	34,850,000
4956	Regional	Finance and Technology Transfer Centre for Climate Change (FIN-TeCC)	EBRD	CEO Endorsed	2,000,000	12,601,667
5263	Cameroon	Enhancing the Resilience of Poor communities to urban flooding in Yaounde	AfDB	CEO Endorsed	4,551,915	156,280,000
5384	Regional	Adaptation to the impact of climate change in water resources for the Andean Region	World Bank	Council Approved	9,450,000	18,470,000
5604	Bosnia-Herzegovina	Technology Transfer for Climate Resilient Flood Management in Vrbas River Basin	UNDP	CEO Endorsed	5,639,250	77,260,000
5666	Pakistan	Mainstreaming Climate Change Adaptation through Water Resource Management in Leather	UNIDO	Council Approved	3,723,000	14,450,000

		Industrial Zone Development				
5687	Belize	Energy Resilience for Climate Adaptation	World Bank	Council Approved	5,475,000	3,000,000
9103*	Cambodia	Building Adaptive Capacity through the Scaling-up of Renewable Energy Technologies in Rural Cambodia (S-RET)	IFAD	Council Approved	5,201,250	23,000,000
<b>Total</b>					<b>60,678,585</b>	<b>382,332,667</b>

**ANNEX III: APPROVED MULTI-TRUST FUND PROJECTS AND PROGRAMS AS AT SEPTEMBER 22, 2015**

\* Projects approved by the LDCF/SCCF Council during the reporting period.

\*\* Projects endorsed or approved by the GEF CEO during the reporting period.

GEF ID	Country	Title	GEF Agency	Status	Trust fund	Total LDCF/SCCF amount (grant + fees) (\$)	Co-financing (\$)
4511	Regional	Sahel and West Africa WB/GEF Program in support of the Great Green Wall Initiative	World Bank	Council Approved	LDCF	16,000,000	125,829,640
					SCCF	5,000,000	293,930,000
4512	Regional	Pilot Asia-Pacific Climate Technology Network and Finance Center	ADB, UNEP	Under Implementation	SCCF	2,000,000	15,000,000
4616	El Salvador	Climate Change Adaptation to Reduce Land Degradation in Fragile Micro-Watersheds Located in the Municipalities of Texistepeque and Candelaria de la Frontera	FAO	CEO Endorsed	SCCF	1,135,000	3,835,545
4620	Regional	MENA - Desert Ecosystems and Livelihoods Program (MENA-DELP)	World Bank	Council Approved	SCCF	3,000,000	11,500,000
4625	Malawi	Shire Natural Ecosystems Management Project	World Bank	Under Implementation	LDCF	1,650,000	11,736,000
4649	Regional	Greater Mekong Subregion Forests and Biodiversity Program (GMS-FBP)	ADB	Council Approved	SCCF	500,000	7,000,000
4775**	Ecuador	Promotion of Climate-smart Livestock Management Integrating Reversion of Land Degradation and Reduction of Desertification Risks in Vulnerable Provinces	FAO	CEO Endorsed	SCCF	1,642,500	2,912,822
4880	Regional	Climate technology transfer mechanisms and networks in Latin America and the Caribbean	IADB	CEO Endorsed	SCCF	1,998,150	6,650,000

4904	Regional	Pilot African Climate Technology Finance Center and Network	AfDB	CEO Endorsed	SCCF	5,775,000	27,200,000
4952	Rwanda	Landscape Approach to Forest Restoration and Conservation (LAFREC)	World Bank	CEO Endorsed	LDCF	4,499,000	5,696,000
4956	Regional	Finance and Technology Transfer Centre for Climate Change (FIN-TeCC)	EBRD	CEO Endorsed	SCCF	2,000,000	12,601,667
5113	Regional	Enhancing Climate Change Resilience in the Benguela Current Fisheries System	FAO	CEO Endorsed	LDCF	1,891,900	6,846,973
					SCCF	3,431,525	12,419,027
5133	Regional	Senegal River Basin Climate Change Resilience Development Project	World Bank	CEO Endorsed	LDCF	13,080,000	49,600,000
5228	Regional	Rural livelihoods' adaptation to climate change in the Horn of Africa (RLACC)	AfDB	Council Approved	LDCF	5,700,000	42,730,034
					SCCF	2,892,000	21,556,633
5380	Haiti	Increasing resilience of ecosystems and vulnerable communities to CC and anthropic threats through a ridge to reef approach to BD conservation and watershed management	UNDP	CEO Endorsed	LDCF	6,000,000	25,446,145
5384	Regional	Adaptation to the impact of climate change in water resources for the Andean Region	World Bank	Council Approved	SCCF	9,450,000	18,470,000
5395	Regional	Pacific Islands Ridge-to-Reef National Priorities – Integrated Water, Land, Forest and Coastal Management to Preserve Biodiversity, Ecosystem Services, Store Carbon, Improve Climate Resilience and Sustain Livelihoods	FAO, UNDP, UNEP	Council Approved	LDCF	13,650,000	90,000,000
5531	Haiti	Ecosystem Approach to Haiti's Cote Sud	UNEP	Council Approved	LDCF	3,524,628	10,915,000
<b>Sub-total for LDCF</b>						<b>65,995,528</b>	<b>368,799,792</b>

<b>Sub-total for SCCF</b>	<b>38,824,175</b>	<b>433,075,694</b>
<b>Grand total</b>	<b>104,819,703</b>	<b>801,875,486</b>
