The Council is invited to review the document, to take note of the steps that have been achieved so far, to request the Secretariat and Implementing Agencies to continue to seek opportunities for further streamlining, and to approve the proposals for expediting procedures related to Council review of project proposals and documents.

20. Proposals for expanded opportunities for executing agencies, including costed options for applying a fee based approach to administrative expenses associated with project development and implementation, are presented in document GEF/ C.12/ 10.
