**Agenda Item 4. Annual Monitoring Review (AMR) FY13: Part II**

*Elected Chairperson Chairs*

8. Document GEF/C.46/04, *Annual Monitoring Review (AMR) FY 13: Part II*, is an assessment of the GEF’s active portfolio and is presented to the GEF Council in two parts. Part one contains a macro view of the portfolio under implementation and is presented to the Council at its fall meeting soon after the conclusion of the fiscal year. Part two is presented to the Council at its Spring meeting and contains a deeper assessment of outcomes, experiences, and lessons learned from the GEF’s active portfolio of projects, with an emphasis on those at mid-term and completion. The report is based on the results and lessons gleaned project documentation received by the Secretariat, including tracking tool data, project implementation reports (PIRs), mid-term reviews (MTRs), and project completion reports or terminal evaluations (TEs) of projects under implementation in each GEF focal area. This review found the portfolio level lessons to be more targeted and substantive and revealed an increasingly catalytic role for the GEF in influencing policies, leveraging financing, and scaling up and mainstreaming best practices.

9. Draft decision: The Council, having considered document GEF/C.46/04, “Annual Monitoring Review (AMR) FY13: Part II,” welcomes the report and appreciates the reformed AMR process. The Council requests the GEF Secretariat to continue providing two AMR reports per year: the first, presented in the fall, containing a quantitative overview of information on the portfolio under implementation and the second, presented in the spring, containing more in-depth analysis of outcomes, experiences, and lessons learned.
