

PROPOSED MEETING DATES FOR THE COUNCIL IN 1996

Below is the proposed schedule of GEF Council Meetings for 1996.

In proposing these dates we have consulted with the Secretariats for the Convention on Biological Diversity, the UN Framework Convention on Climate Change, the Montreal Protocol on Substances that Deplete the Ozone Layer and its Multilateral Fund, the United Nations Convention to Combat Desertification in Those Countries Experiencing Serious Drought and/or Desertification, Particularly in Africa, and the United Nations Commission on Sustainable Development. We have also made every effort to avoid conflicts with other international meetings concerned with environment and development issues. It should be noted that a number of multilateral organizations have not yet finalized their schedules of meetings for 1996.
