During the meeting

1. If possible, please connect 15 minutes prior to the start of the meeting to ensure connectivity and to allow time for troubleshooting, if needed, before the start time.
2. During the meeting, please ensure that your microphone is on MUTE.

3. The floor will be opened for questions and comments during plenary after each presentation. While making an intervention, please indicate your country/constituencies' name only in the Zoom chat box.

To access the chat box:

- Click on the Chat icon located at the bottom menu bar of the Zoom window.
 - In the drop-down list, select “all panelists.”
 - Enter your country's name in the chat text box, then press Enter on your keyboard.
4. The Chair will provide the floor in the order the requests were received through the Zoom chat box. Once the Chair calls on you, please unmute your microphone, turn on your camera and proceed with your intervention. Given the limited time, participants are kindly requested to be concise with their interventions.
 5. You will have the option of simultaneous interpretation on the bottom right of the menu bar once you join the virtual meeting. If you will be speaking in French/Spanish, please use a headset and speak clearly and slowly.

Note: Interpretation is not available if you join by phone. If you intend to use the Interpretation channel it will be best to use the Zoom desktop application. To hear the interpreted language only, click MUTE ORIGINAL AUDIO. For more information on use of the Zoom interpretation feature, please visit the Zoom Help Center: [Listening to language interpretation](#).
