National Portfolio Formulation Exercises (NPFE)

- In GEF-6 the objective of this activity is to further help GEF OFPs to engage relevant national stakeholders and line ministries, in the planning process for developing national priorities for GEF support, including specific project ideas
- Voluntary and not a pre-requisite for GEF funding
- Final NPFD to be submitted to GEF – who will review and provide comments as appropriate.

GEF National Dialogues

- National Dialogues continue to be a strategic tool for promoting the incorporation of the global environment concepts into national thinking, accounting and regular work.
- They bring together a wide array of national and local level stakeholders to discuss and understand how protecting the global environment is key to their national interest
- National Dialogue are organized at the request of the OFP. May include a component on GEF-6 programming if before June 30th 2015

GEF Constituency Meetings

- During GEF-6 Constituency Meetings will continue to be the main tool for the Council Members to engage their Constituency members in the preparations for decision making at the GEF Council
- Each constituency may request 2 meetings per year – before each Council Meeting → when documents are posted
- Organised at the request of the Council Member – who prepares the agenda and chairs the meeting
- GEF responsible for all logistical arrangements

GEF Introduction Seminars

- GEF Introduction Seminars (previously GEF familiarization seminars) are organized to provide necessary information and training to new GEF Agency staff, Convention Secretariat staff, new GEF Focal Points and selected stakeholders on the GEF-6 strategies, policies and procedures → once a year in Washington DC
- The seminars also reach out to other audiences that are critical for the GEF to succeed e.g line ministries, media, private sector where possible.
- GEF Agency staff → self-financed

GEF-6 Strategy for Cross-Cutting Capacity Development

GEF Expanded Constituency Workshop

Dead Sea, Jordan

9 - 10 September, 2015

Capacity Development

GEF definition (C.22/08): “The process by which individuals, organizations and societies strengthen their ability to address environmental issues, manage natural resource issues, and mainstream environmental sustainability into development policies, plans and decisions.”

GLOBAL ENVIRONMENT FACILITY

4 Pathways to CD

Capacity Development (CD) through:

1.
**Conducting
NCSAs**

2.
**Paying
greater
attention to
regular CD
in individual
projects**

3.
**Promoting
CCCD
projects**

4.
**Paying critical
attention to
CD in LDCs &
SIDS**

GEF-4 - CB2 Projects

- Aimed to address capacity gaps identified in NCSAs.
- In the CB2 portfolio (23 CB2 projects in GEF-4), projects have :
 - Strengthened multi-sectoral processes
 - Promoted policy and legislation harmonization
 - Mainstreamed global environmental issues
- CBS projects were based on a holistic /cross-cutting approach to develop required capacities.

GEF-6 – CCCD Strategy

Overall Goal: To help countries meet and sustain global environmental outcomes by strengthening key capacities that address challenges and remove barriers common to the MEAs that the GEF serves and to mainstream the global environment into decision making.

Available: USD 34 M

GLOBAL ENVIRONMENT FACILITY
INVESTING IN OUR PLANET

GEF-6 – CCCD Strategic Objectives

- CCCD-1: To integrate global environmental needs into management information systems and monitoring.
- CCCD-2: To strengthen consultative and management structures and mechanisms.
- CCCD-3: To integrate MEAs' provisions within national policy, legislative, and regulatory frameworks.
- CCCD-4: To pilot innovative economic and financial tools for Convention implementation.
- CCCD-5: Updating of NCSAs.

GLOBAL ENVIRONMENT FACILITY
INVESTING IN OUR PLANET

GEF-6 CCCD – Priorities

What we want to see in GEF-6 CCCD Projects:

- Strengthen the capacities of LDCs and SIDS
- Be identified in GEF-funded NCSAs
- Introduce innovative approaches
- Be *results-based*, leading to measurable, sustainable capacity outcomes, and include a set of monitoring indicators
- Create synergies when implementing the 3 Rio Conventions and other MEAs
- Be complementary to ongoing or planned GEF initiatives
