# The 2020 super year

## The “2020 super year”: where do we stand and looking ahead

- Ms. **Elizabeth Mrema**, Acting Executive Secretary, UN Convention on Biological Diversity
- Ms. **Rossana Silva-Repetto**, Executive Secretary, Minamata Convention on Mercury
- Mr. **Basile van Havre**, co-Chair of the Open-ended Intersessional Working Group on the Post-2020 Global Biodiversity Framework
- Mr. **Franck Moser**, Programme Officer, Secretariat of the Basel, Rotterdam, Stockholm Conventions

### Debate

- Lessons learnt from the negotiation and implementation of soon to expire frameworks?
- Linkages/coordination among the different Conventions and negotiations?
- Contributions of different actors to deliver on a new deal for nature and people?
- GEF support?
