# Knowledge Management Requirement

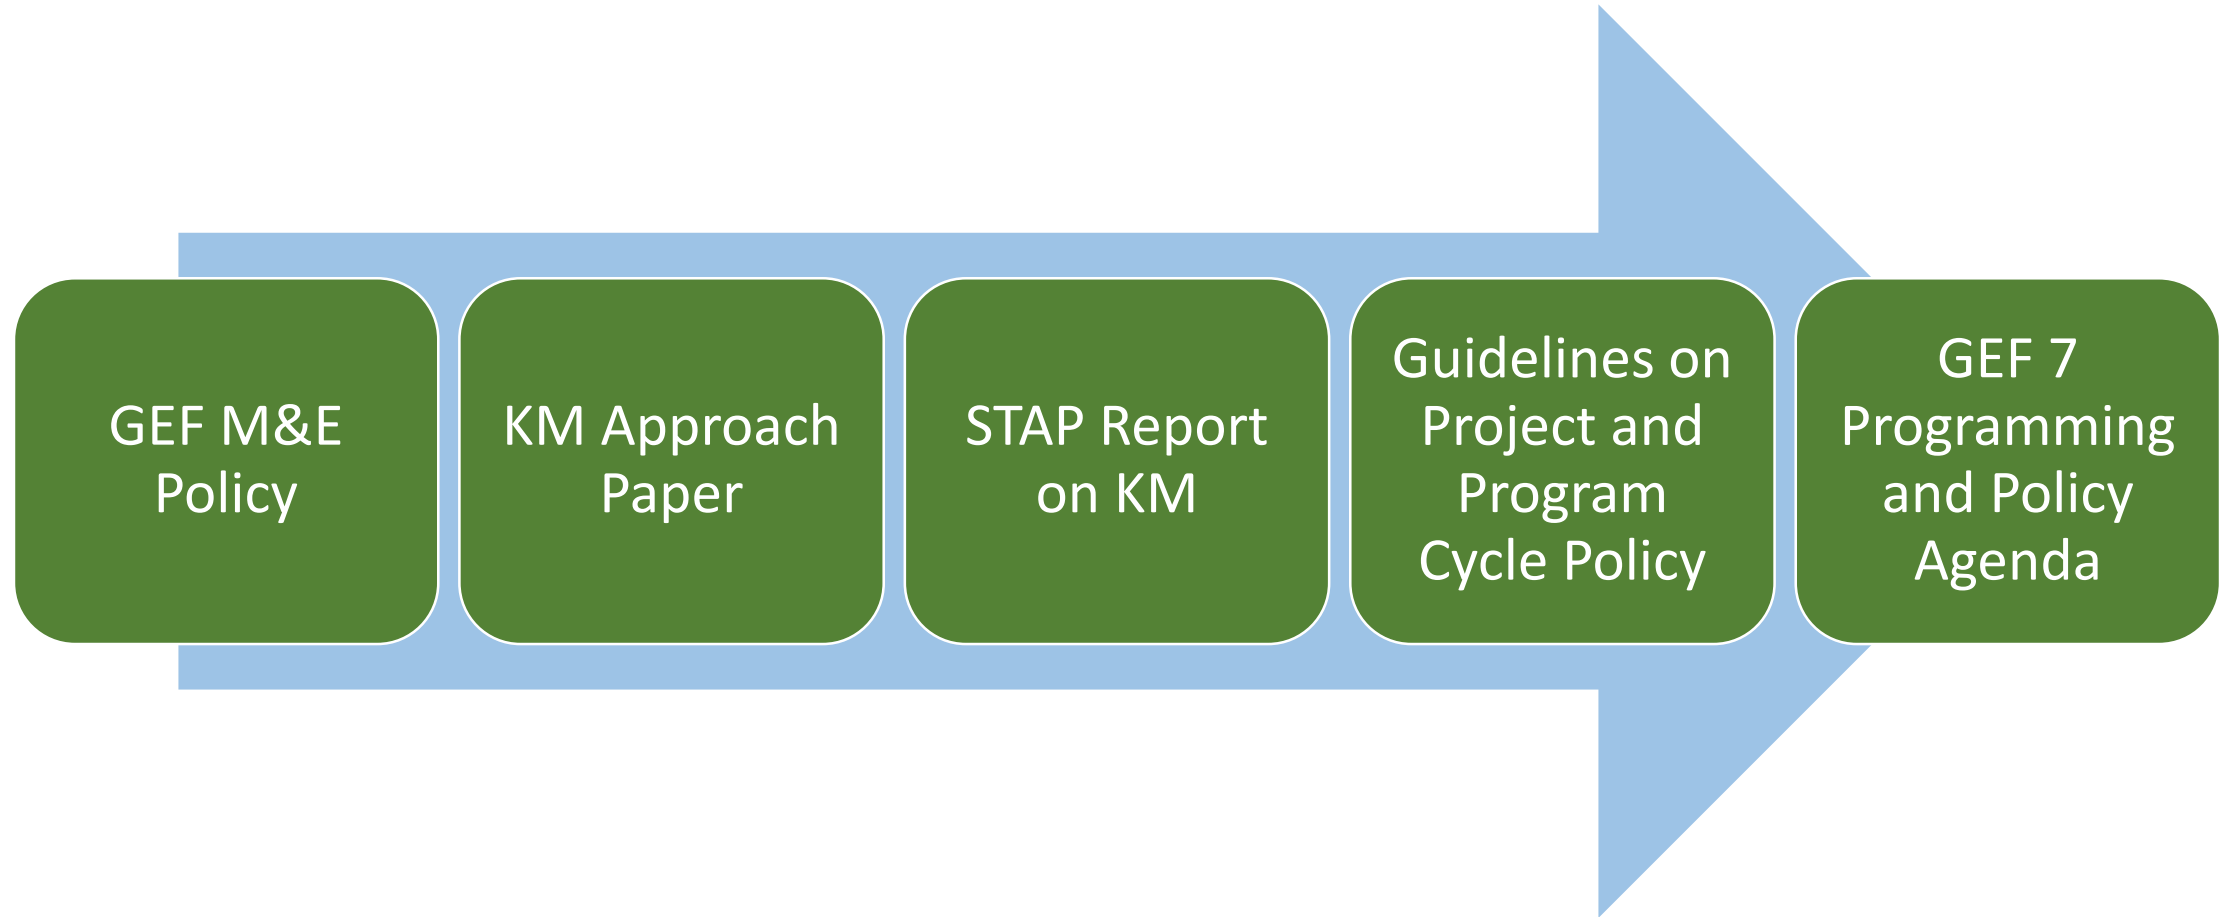

## Enhancing Knowledge and Learning in GEF-7 Project Design and Implementation

GEF Introduction Seminar 2020

Washington DC

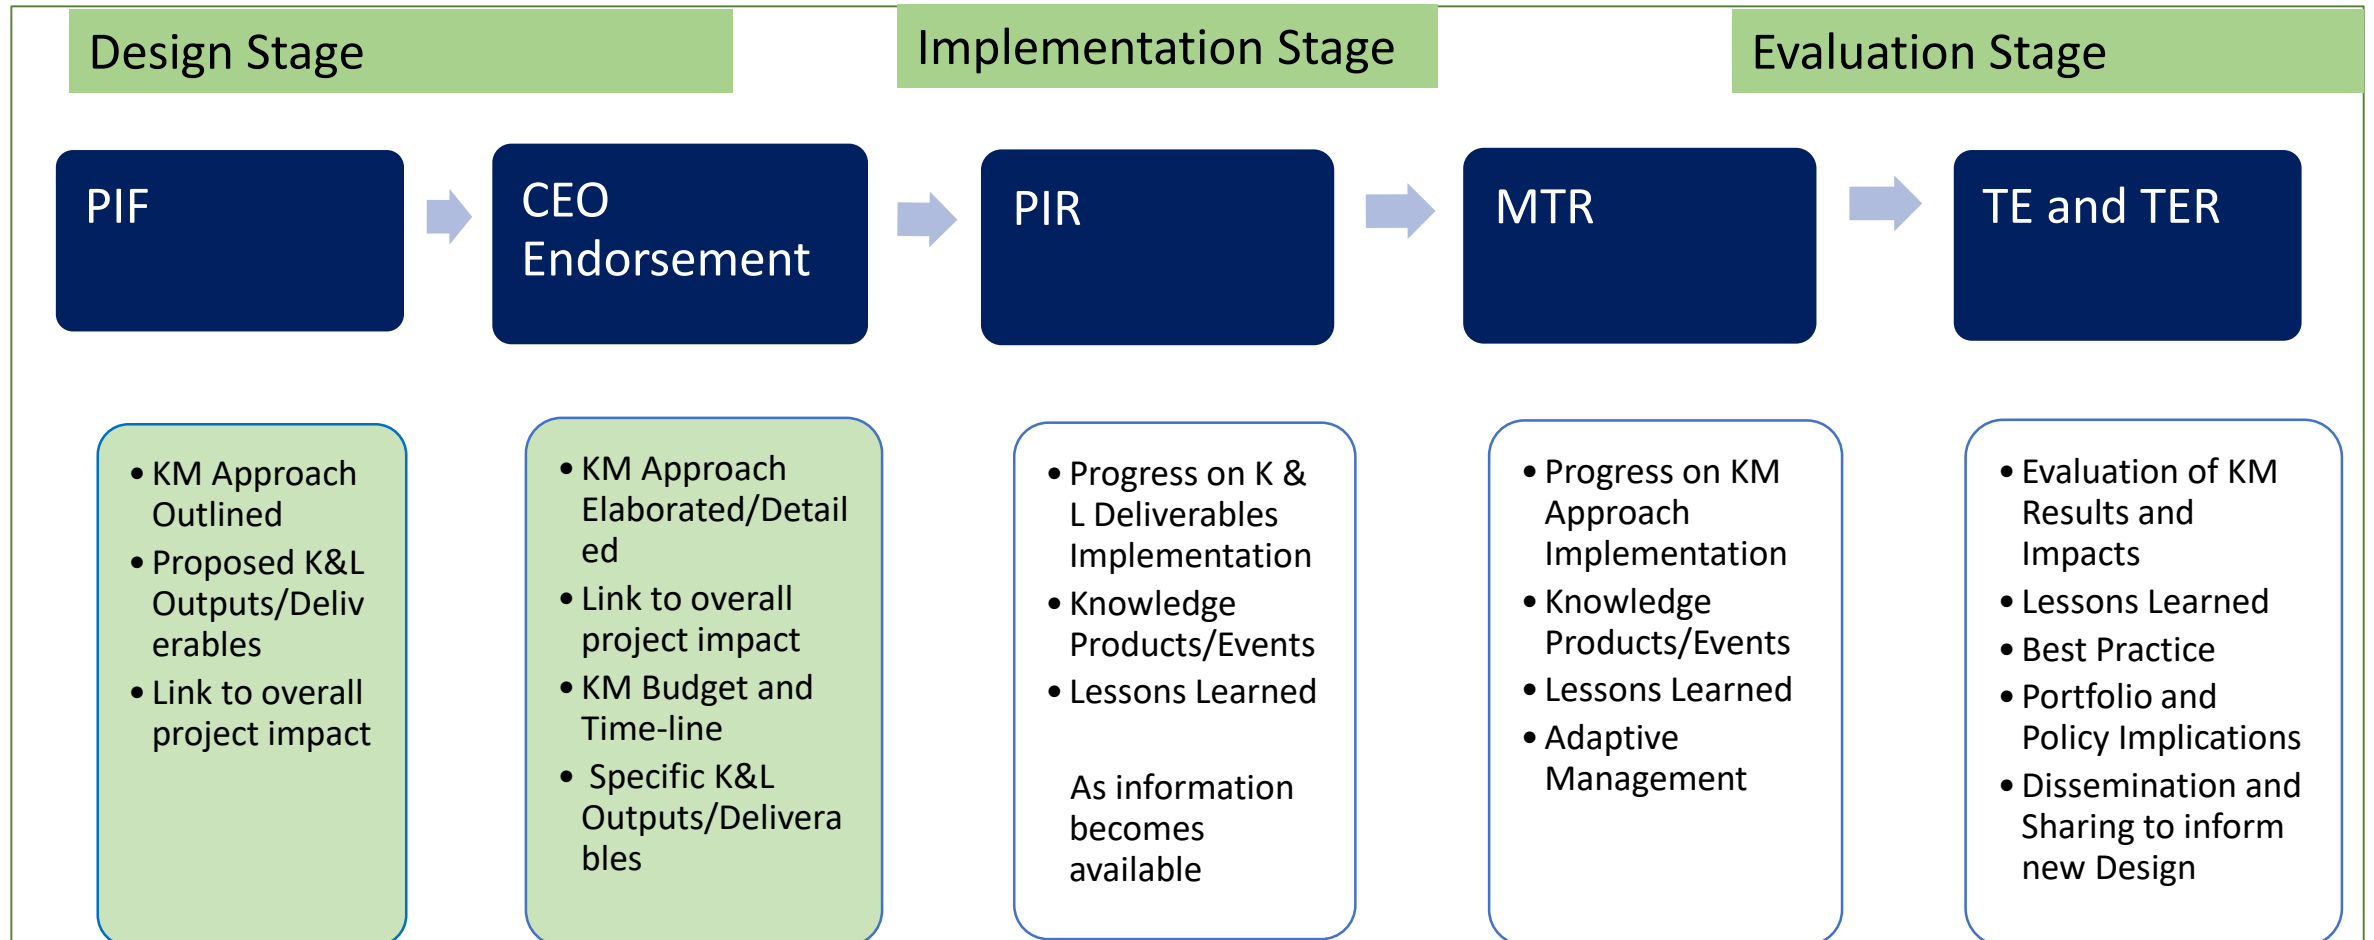

# GEF Framework for Knowledge and Learning in Operations

*Improving Performance and Impact by Learning from Experience and Sharing Knowledge*

# GEF-7 KM Requirements Throughout the GEF Project Cycle

*Capturing and Sharing Knowledge for FSP and IPs/Child Projects*

# GEF-7 KM Requirements at PIF & CEO Endorsement Stages

*Incorporated into templates in the GEF portal*

## PIF

8. Knowledge Management. *Outline the “Knowledge Management Approach” for the project and how it will contribute to the project’s overall impact, including plans to learn from relevant projects, initiatives and evaluations.*

**Tool tips:** This approach will include processes to capture, assess and document, in a user-friendly manner, information, lessons, best practices, and expertise generated during implementation; strategic communications; and knowledge outputs to be produced and shared with stakeholders.

## CEO Endorsement

8. Knowledge Management. *Elaborate on the “Knowledge Management Approach” for the project including a budget, key deliverables and timeline, and explain how it will contribute to the project's overall impact.*

**Tool tips:** This approach will include processes to capture, assess and document, in a user-friendly manner, information, lessons, best practices, and expertise generated during implementation; strategic communications; and knowledge outputs to be produced and shared with stakeholders.

# 7 Criteria for KM Screening in PIF/CEO Endorsement Stages

**Does the KM section of a PIF/CEO Endorsement submission contain the ingredients of a Knowledge Management Approach, including:**

1. an overview of existing lessons and best practice that inform the project concept?
2. plans to learn from relevant projects, programs, initiatives & evaluations?
3. proposed processes to capture, assess and document info, lessons, best practice & expertise generated during implementation?
4. proposed tools and methods for knowledge exchange, learning & collaboration (at both program and project levels if a PFD), including knowledge platforms and websites?
5. proposed knowledge outputs to be produced and shared with stakeholders (at both program and project levels if a PFD)?
6. a discussion on how knowledge and learning will contribute to overall project/program impact and sustainability
7. plans for strategic communications?
