The screenshot shows a web browser window with the URL <http://www.thegef.org/topics/knowledge-learning>. The page features a navigation menu with "WHAT WE DO" and "KNOWLEDGE & LEARNING PROJECTS". The main content area is titled "What we do" and includes a search bar with the text "What do you want to know?". Below this, there is a paragraph explaining the GEF Partnership's focus on knowledge generation and sharing. At the bottom, four project cards are displayed: "The Art of Knowledge Exchange", "GEF Online Ask the Expert tool", "GEF Knowledge Snapshots", and "IW:LEARN International Waters Learning Exchange and Resource Network". A "Help us improve this site" button is located in the bottom right corner.

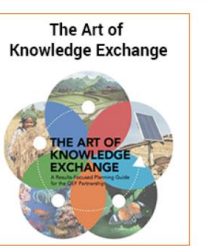

WHAT WE DO KNOWLEDGE & LEARNING PROJECTS

What we do

Knowledge is a primary asset of the GEF Partnership, and knowledge generation and sharing are critical for GEF investments to achieve a lasting impact in safeguarding the global environment. The GEF finances project, programs and initiatives that underpin the generation and exchange of knowledge around global environmental issues, facilitating the capture, synthesis, transfer and uptake of this knowledge within and beyond the GEF Partnership.
