

Least Developed Countries Fund Special Climate Change Fund FY20 Annual Monitoring Review

30th LDCF/SCCF Council
June 17, 2021

Burkina Faso

Active SCCF and LDCF
portfolios are **progressing well**

SCCF portfolio
demonstrated high level
of **achievement**

Little change in **risk ratings**
despite COVID-19

SCCF portfolio far exceeded **targets**
LDCF portfolio did well

KEY MESSAGES

Least Developed Countries Fund
Special Climate Change Fund
FY20 Annual Monitoring Review

ACTIVE PORTFOLIO

78 projects

\$471 million

project financing

↪ **\$257 M** (55%)
disbursed

\$2.2 billion

co-financing

73% in Africa

23% in Asia and Pacific

14% to LDC SIDS

TOP SECTORS

Agriculture

Natural resource management

Coastal-zone management

Mali

PERFORMANCE

Development Objectives Rating (number of projects, share)

Progress towards objectives

Implementation Progress

ACHIEVED RESULTS

Objective 1: Reduce the vulnerability of people, livelihoods, physical assets and natural systems

	Cumulative results (incl. projects completed before FY20)	Results from active portfolio in FY20	Project financing \$ million
No. of direct beneficiaries	16,210,188	5,157,388	\$361.3
Ha of land better managed to withstand climate change	3,313,004	1,293,613	\$276.6

Objective 2: Strengthen institutional and technical capacities for effective climate change adaptation

No. of people trained	508,180	107,205	\$358.9
No. of institutions with strengthened capacities	3,875	221	\$182.1
