

GEF Work Program November 2017

83 Full Sized Projects

1 Programmatic Approach

❖ 101 recipient countries

❖ 38 LDCs and 28 SIDs

❖ \$546.1 million (GEF)

❖ \$2.6 billion co-financing

❖ \$1:5.2 ratio

Implementing the Council Decision on Shortfall Management

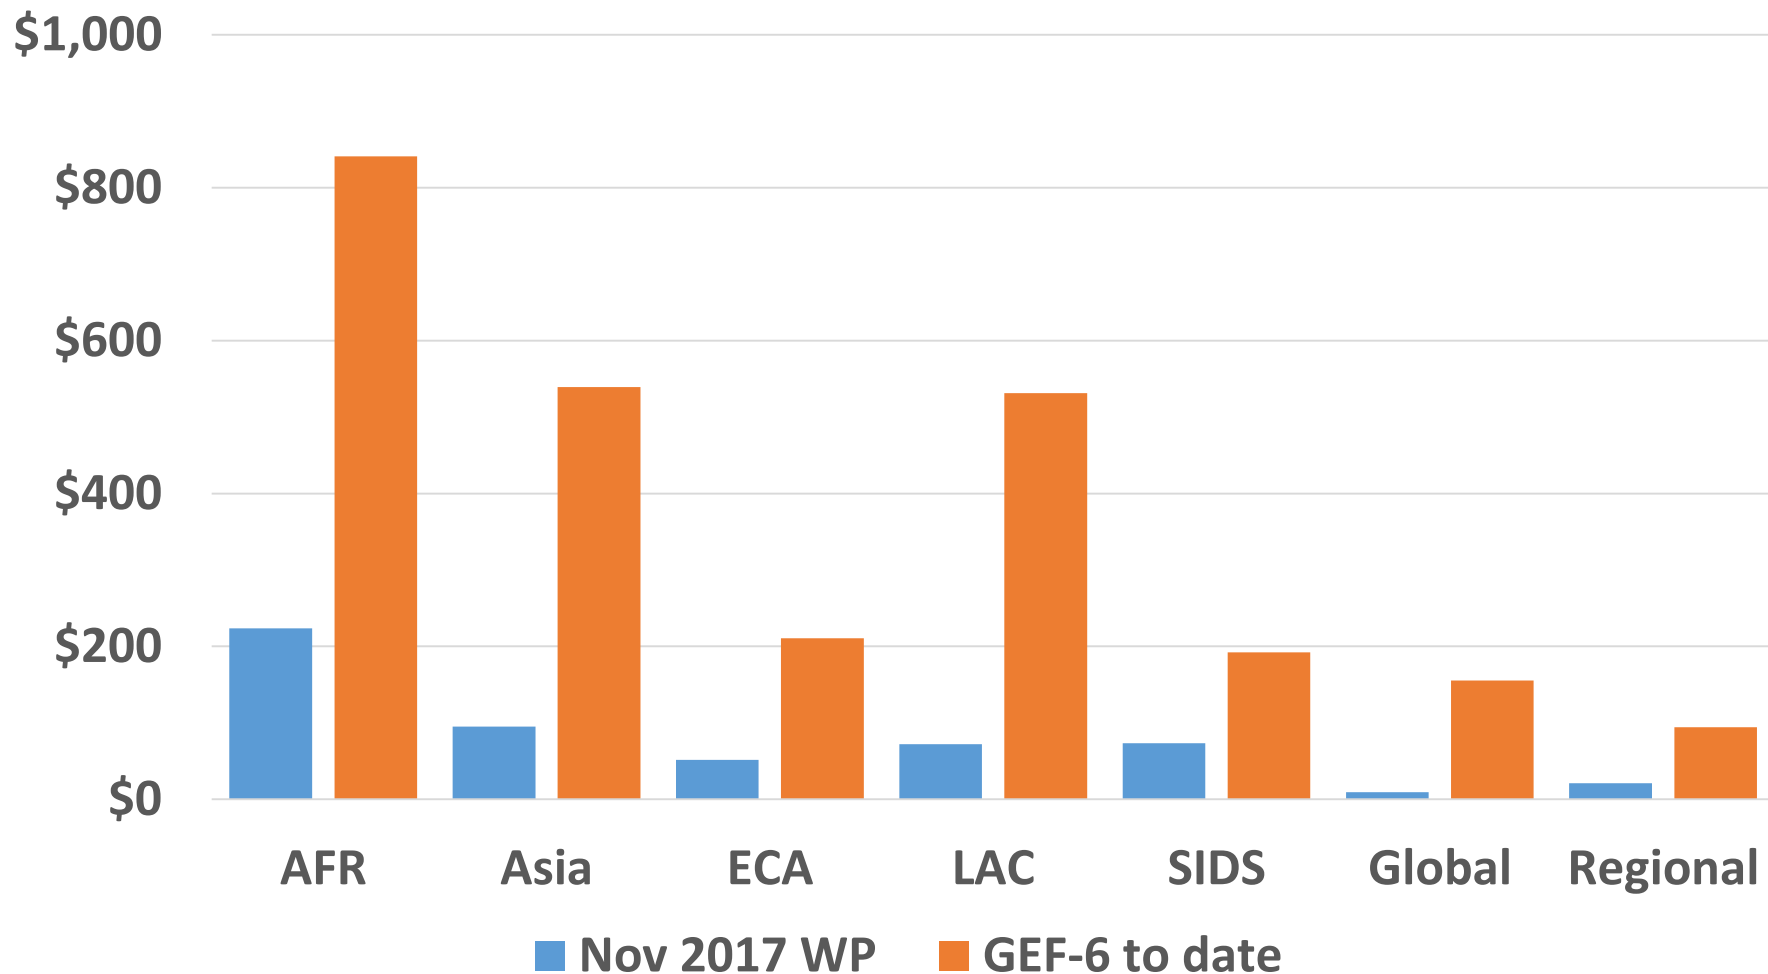

November 2017 Work Program

- All cleared projects from SIDS and LDCs included
 - 66 % of all countries represented in WP
 - \$231 M out of a total of \$500 M (excluding fees) or 46% of WP
 - \$67M for SIDS alone
- Addresses countries with smaller share of programming to date
- Raises the overall level of programming for all focal areas as much as possible
- Whenever possible, addresses projects by date of clearance
- November Work Program takes care of 80% of the pipeline of cleared projects in PMIS

STAP Screening of the Work Program

- 93% of PIFs in the WP met expectations on scientific and technical quality
- Timely and efficient consultation between STAP, GEF Secretariat and Agencies to clarify concerns on the few projects with major revision needs
- Quality advice provided to Agencies and Countries on how to strengthen the scientific underpinnings of projects during preparation phase

Distribution of GEF Project Financing by Region in November 2017 Work Program and in GEF-6 to date

- ❖ 76 % of total original GEF-6 resources programmed
- ❖ 94 % of revised GEF-6 resources programmed
- ❖ 77-96 % of the revised Focal Area allocations programmed
- ❖ 92% of SIDS/LDCs STAR Allocations programmed
- ❖ 82% of STAR-Adjusted Allocations for all other countries

GEF-6 status

- ❖ Total co-financing to date: ~\$22 billion
- ❖ Total co-financing ratio to date: 1:7.6
- ❖ All 18 agencies active in the GEF-6 portfolio

GEF-6 status

Thank you
