Dear Ms. Dinu,

Subject: Co-financing for Sixth Operational Phase of GEF Small Grants Programme in Kenya

Reference is made to the Sixth Operational Phase of the GEF Small Grants Programme (GEF SGP) where a commitment towards co-financing of the Programme is required by the GEF Secretariat.

UNDP Kenya is pleased to support the Sixth Operational Phase of the GEF SGP, by contributing in-kind and other technical support to a value of USD 500,000 from the current natural resource management portfolio over a period of 3 years. The GEF Small Grants Programme has supported the government in meeting its obligation of multi-lateral environmental agreements by working directly with rural communities in implementing environmental conservation and natural resource management projects. This has resulted in improved livelihoods and better well-being for local communities.

We thank you and your team for your continued and generous support.

Yours sincerely,

Amanda Seruyunga
Country Director

Ms. Adriana Dinu
Executive Coordinator
UNDP – Global Environmental Finance
Sustainable Development Cluster
